SENSATIONAL RECORD PERFORMANCES AT OLYMPIC GAMES

BRITISHER'S NARROW ESCAPE FROM DEATH

WARRANT OFFICER WAN- STELL FALLS IN RAVINE

UNCONSCIOUS IN RIVER

LOCAL GARRISON ORGANISE SEARCH PARTY.

An alarming experience befell Warrant Officer C. B. Wanstell, of the Supplies and Transport Office, Victoria Barracks, on Monday afternoon.

While hiking alone, in the hills between Fanling and Sha Tau Kok, near Plover Bay, he slipped on a wet rock and stunned himself, and narrowly escaped drowning in the bed of a small river, which owing to the recent rains, was in full flood.

Relating his experience to the "China Mail" this morning, Mr. Wanstell said that he set out on Monday morning to take views of the waterfalls that are to be seen in that district. He was directed to the Chung Mi valley by several Chinese, but finally found himself entirely lost.

An English speaking Chinese man at the village of Wang Shun Keuk, advised him to follow a path to the sea, and from there take a sampan to Tai-po. He followed the man's instructions, but found that the path ended in a watercourse bed.

EMPIRE'S PARLEY PROGRESSES.

Delegates Near
Decisive Stage.

STABILISATION OF CURRENCY.

Important Discussion.

CANADA LAST OF DOMINIONS TO OFFER SUGGESTIONS.

Ottawa, To-day.
The Imperial Conference is approaching a decisive stage in its deliberations. The United Kingdom delegates spent all the day examining the trade and tariff situation in the light of Dominion delegates' requirements, most of which now are known, with the exception those of the Canadian group.

Canada's suggestions, which are anticipated to be sensational, will probably be submitted to-morrow, whereupon the United Kingdom can discuss, leastwise tentatively, all proposals, and directly with the Dominions.

To-day's proceedings by the Monetary Commission were described as eminently practical, for there was talk on commodity prices and the possibility of stabilising the exchange within the Empire. —Reuter.

PRIME MINISTER HURRIES TO CABINET MEETING.

Hopes To Be In Scotland For
Week-end.

London, To-day.

Prime Minister Ramsay MacDonald left Lissimouth to-night and will reach London to-morrow to attend a Cabinet meeting and transact other official business. He hopes to return Scotland at week-end.

He is rapidly recovering his health but has been instructed to rest as much as possible. — British Wireless Service.

TRIBESMEN BESET LOYAL NAWAB.

Britain's Ally Is Hard-
Pressed.

SEIGE OF MISKINI.

General Situation In India Easier.

SIKH AGITATION CAUSE OF SOME UNREST.

Delhi, To-day.
The loyal Nawab of Dir is still holding out against the invasion of the wild tribesmen from the north, who crossed into his country on July 28, but is reported to be hard-pressed since reinforcements have joined his enemies.

The invaders are led by a fanatic, the Fakir of Alingar, whose allies are ferocious fighting men.

Previously, the loyal Nawab has always succeeded in repulsing them. — (Continued on Page 6.)

HITLER DEMANDING POSTS FOR NAZIS.

Reconstruction Of German Cabinet.

VON HINDENBURG'S TASK.

Von Papen Government Feels Composure.

Berlin, To-day.
When President Von Hindenburg returns to Berlin next week, he will be faced by a demand from Herr Adolf Hitler for a reconstruction of the Cabinet, with a large representation for the Nazis, who gained a plurality in the last election.

For the time-being, Herr Hitler is remaining in Munich, but he will go to Berlin and personally negotiate for the inclusion of his followers in the Cabinet ranks. — (Continued on Page 12.)

GERMAN BANK IN DIFFICULTIES.

Unable To Obtain Foreign Exchange.

STRONG INSTITUTION.

\$25,000,000 Debt Due On September 1.

New York, To-day.
Dillon, Read and Company, big American financial house, announce the German Bank and Discount Company will be unable to meet its \$25,000,000 note due September 1.

It was owing to inability to obtain the necessary foreign exchange that the note could not be met. The Bank is one of the "D" banks, Germany's equivalent to the British "Big Five." — Reuter & American Service.

NEW IMPORT DUTIES ENFORCED.

London, To-day.
The new Import Duties mentioned on July 31, are to be enforced from August 4. Thirty-four items in the tariff schedule are affected, the chief commodity being artificial silk, from 58 to 78 per cent, raw silk, from 30 per cent, to 60 per cent, yarn and thread from 30 per cent, to 55 per cent, clothing from 50 per cent, to 75 per cent.

Duties on wines and spirits vary, representing the increases on the present duties of between 50 to 80 per cent. Beer, brandy, whisky, and gin, are all from 50 per cent ad-valorem to 80 per cent. Medicines have been increased from 15 per cent, to 20 per cent. — Reuter.

COWES WEEK.

SHAMROCK WINS KING'S CUP.

Britannia Beaten By
One Minute.

AMAZING RECORD OF KING'S YACHT.

Queen Mary's Cup.

London, To-day.
Their Majesties the King and Queen witnessed a thrilling duel between the

Shamrock and the Britannia for possession of the King's Cup at Cowes yesterday. Mr. Sopwith's cutter just managed to beat the King's Britannia by one minute with M. Stephenson's White Heather third.

A gentle breeze blew up the Solent yesterday and proved most enjoyable to the huge crowd which had come down for the regatta week. — (Continued on Page 6.)

SCIENTIFIC RESEARCH IN ARABIAN SEA.

Sir John Murray's Will Provides Expenses.

COLONEL SEYMOUR SEWELL TO LEAD EXPEDITION.

Echo Soundings of Ocean Bed.

London, To-day.
A scientific expedition to survey the Arabian Sea and the North-West Indian Ocean is being organised, and will begin operations next year. The expenses of the expedition are being largely provided under the will of the late Sir John Murray, whose researches during the Challenger Expedition in the last century immensely extended scientific knowledge regarding the "Ocean of World."

Next year's expedition will be led by Colonel Seymour Sewell, Director. — (Continued on Page 12.)

OVER 2,000,000 APPLICANTS FOR WAR LOAN CONVERSION.

London, To-day.
The total applications for war loan conversion, received up to yesterday, number 2,088,700, but this figure will still be augmented by delayed applications from holders abroad and from the recent purchasers of loan for conversion.

A great number of applications still remain to be examined, and some time must lapse before any statement can be made of the total amount converted with the benefit of cash bonus. — British Wireless Service.

T. HAMPSON WINS 800 METRES FOR BRITAIN

HIU'S GREAT CHALLENGE IN 200 METRES

LORD BURGHLEY IN HURDLES FINAL

Four world's records and five Olympic records were shattered to-day when Olympic athletes staged one of the greatest athletic meetings ever held. T. Hampson, English half-mile champion, registered Britain's first win by a brilliant victory in the 800 metres. Liu Chang-tseng, China's sole representative at the Games, made a great effort to qualify in the 200 metres being beaten only by inches for third place. He ran strongly for 150 yards, but was overhauled in the straight.

Lord Burghley showed that his defeat in the 400 metres hurdles yesterday was only a temporary eclipse. With G. O. Finlay (R.A.F. and English 120 yards hurdles champion) he will represent Great Britain against three Americans and one German in the final of the 110 metres hurdles. Saling, who established a new world's record of 14.4/10th seconds by winning his heat to-day, appears a probable winner.

It was all Britain in the 800 metres, Hampson winning for the United Kingdom, with two Canadians in the places. Running beautifully, Hampson smashed most of the field by his terrific pace in the first lap, which he covered in under 55 seconds. Edwards, the Canadian negro, was well back but moved up fast at the bell, while Wilson issued a strong challenge coming into the straight. Hampson, however, had timed his race wonderfully, and he breasted the tape inches ahead of Wilson after a thrilling and spectacular race. His amazing time of one minute 49 seconds stamps him as one of the greatest middle-distance runners of all time, and a worthy successor to D. G. Lowe, the Englishman who twice won this event.

Japan failed badly in the Long Jump, and of all her record breakers who have consistently cleared over 25 and 26 feet, only Nambu could strike any form at all.

Stella Walsh, who won the women's 110 metres in record time, is the American women's sprint champion and has been recognised as the best woman sprinter in the world over the past two years. — Reuter.

800 metres final:—T. Hampson (G. B.) 1; Alex Wilson (Canada) 2; Edwards (Canada) 3.

This was the most exciting race of the whole meeting, Wilson failing only by inches to catch the Englishman who ran a magnificently-judged race. Hampson, the English champion, fulfilled the highest hopes and ran the greatest race of his life. The time one min. 49 sec. created a new world's record, beating by two seconds, the previous figures established by the German, Dr. O. Peltzer.

This was Britain's first success at the games and marks, the fourth consecutive occasion on which a Britisher has won the 800 metres. Ben Eastman, the sensational American record middle-distance runner was beaten by brilliance of the Britisher.

Long Jump Final:—Gordon (U.S.) 1; Redd (U.S.) 2; Nambu (Japan) 3.

Distance:—25 ft. 0 1/4 in.

Redd made a great effort to win, being beaten by only 1/2 an inch. Nambu the favourite, jumped 24 feet 6 inches.

110 Metres Hurdles (First Semi-Final):—Keller (U.S.) 1; Lord Burghley (G.B.) 2; D. O. Finlay (G.B.) 3.

Time:—14.5/10th sec. — equalling Olympic record.

Second Semi-Final:—Saling (U.S.) 1; Beard (U.S.) 2; Welcher (Germany) 3.

Time:—14.4/10th sec. — equalling the world's record. All six qualify for the final.

Women's 100 metres final:—Stella Walsh (Poland) 1; Hilda Strike (Canada) 2; Wilhelmine Bremen (U.S.) 3; Eileen Hiscock (G.B.) 4.

Won by two feet. Time—11.9/10th sec. World's record.

Throwing the Discus Final — Lillian Copeland (U.S.) 1; Distance—133 ft. 1 inch. World's record.

200 Metres First Heat:—Len Wright (Canada) 1; R. Metcalfe (U.S.) 2; S. A. Black (New Zealand) 3; Liu Chang-tseng (China) 4.

CRICKET.

YORKSHIRE ON TOP.

Handsome Victory
Over Lancashire.

LEEDS DEBACLE AVENGED.

Vallance Jupp's Brilliant Century.

WARWICK'S BAD LUCK.

London, Yesterday.
Yorkshire as the result of their overwhelming victory over Lancashire at Manchester are now at the head of the County Championship table. The Leeds debacle was truly avenged! Herbert Sutcliffe registered another century whilst Verity caused the home county batsmen much anxiety.

Brilliant batting by Vallance Jupp, who scored 106 out of 167 in Northants' second innings could not save the huge county's defeat by an innings at Northampton. Geary and Astill garnered cheap wickets, to give Leicester their fifth win of the season.

(Continued on Page 6.)

AMERICA ACCEPTS INVITATION.

Will Attend World
Conference.

Washington, To-day.
The United States has accepted the invitation to the World Economic Conference.

This gathering will, in all likelihood, be held in London and plans for a re-habilitation of trade, governing of exchange, and international loans will be discussed, among other vital problems. — Reuter.

TENNIS.

JAPAN BEATS WEAK AUSTRALIAN TEAM.

Harry Hopman Partners
Sproule.

JIRO SATOH IMPRESSES.

Bournemouth, To-day.
Japan gained a convincing victory over Australia at the conclusion of the two-day international encounter here to-day. After holding a lead of 4 to 2 at the close of the first day's play Japan won all three matches to-day to emerge winners by 7 matches to 2.

Jiro Satoh, the first player from the Orient to reach the semi-final round at Wimbledon, beat D. Sproule 6-1, 3-6, 6-2, 6-1. He was undoubtedly the better player, and Sproule's success in the second set was a triumph for the Australian. Satoh seems to have regained his Wimbledon form after the Milan catastrophe when he lost for Japan the right of entry into the European Zone Final of the Davis Cup.

Kuwabara encountered little difficulty in beating Clemengel 6-2, 6-2, 6-3, but the doubles match called for sterner opposition. Harry Hopman and Sproule extended Satoh and Kuwabara to 52 games before the Japanese triumphed at 6-3, 8-6, 3-6, 4-6, 6-4. It was a titanic struggle in which fortunes fluctuated and only the brilliant volleying and overhead work of the Japanese pair won the day. — Reuter.

BASEBALL MANAGER RESIGNS.

Roger Hornsby Of Chicago Nationals.

New York, To-day.
Mr. Roger Hornsby has resigned his position as manager of the Chicago Nationals baseball team. The Club have released him as a player and have appointed Charlie Grimm as manager. — Reuter.

OFFICIAL SOURCES.

"MEN LIKE THESE"

"Men Like These" constitutes a
 serious attempt to extol the cour-
 age of the British submarine ser-
 vice. It is a B.I.P. picture directed
 by the famous Walker Summers.
 There is no story in the accepted
 sense. The film opens with Brit-
 ish submarines exercising at sea.
 You go out in one of them. The
 man at the periscope picks up a
 sailing ship but fails to see a wal-
 lowing tramp steamer until it is too
 late.

The tramp's bows grind into the
 submarine and gash her steel sides
 like so much paper. The sea
 rushes in. You see the crew over-
 whelmed by the torrent. Then be-
 gins the great struggle to escape.
 The bulkhead doors are closed, but
 not until the men are up to their
 waists in water.

From a technical point of view,
 "Men Like These" is a superb piece
 of talkie making.

"LEATHERNECKING"

A cast reading like a "Who's
 Who" of Hollywood comics, packs
 laughs into Radio Pictures' "Leath-
 ernecking," according to advance
 indication of the film which is com-
 ing to the Queen's Theatre to-mor-
 row.

There are five star downs—Ken
 Murray, vaudeville headliner, the
 dole-panned Ned Sparks, Louise
 Fazenda, Benny Rubin, and Eddie
 Foy, Jr. Irene Dunne, a screen
 newcomer pairs with Lillian Tash-
 man in providing romantic inter-
 est.

Rita La Roy, Fred Santley, the
 Tiller girls, and two hundred pick-
 ed Hollywood beauties round out
 the impressive cast.

"ONE HOUR WITH YOU"

Jeanette MacDonald, credited
 with having one of the most beau-
 tiful voices on the screen to-day,
 almost made her film debut in a
 straight, non-singing, dramatic
 role.

This, the golden-haired actress
 revealed recently while rehearsing
 opposite Maurice Chevalier in the
 modern song romance, "One Hour
 With You," at the Paramount
 studios in Hollywood.

Miss MacDonald was in the
 prima donna role of "Boom Boom"
 on Broadway when casting began
 for Richard Dix's "Nothing But The
 Truth" at Paramount's New York
 studios. Miss MacDonald was test-
 ed and offered the part. But she
 found this impossible when pro-
 ducers of the show decided to take
 "Boom Boom" to Chicago and her
 contract forced her to make this
 trip.

However, Ernst Lubitsch arrived
 in New York shortly after her de-
 parture. He was seeking a femin-
 ine player for "The Love Parade"
 with Chevalier. His tour of Broad-
 way was fruitless. Studio workers
 began dragging forth tests to show
 the director. Among these was the
 one of Miss MacDonald for "Noth-
 ing But The Truth".

Five days after "Boom Boom"
 closed in Chicago, she was in Holly-
 wood at work opposite Chevalier.
 It is a significant fact that just
 as soon as Lubitsch was assigned to
 direct the production of Chevalier's
 new pictures, he made arrangements
 for Miss MacDonald to be cast
 in the leading feminine roles.

In "One Hour With You" is the
 King's Theatre's feature to-day.

"THE WORLD AND THE FLESH."

The amazing events which follow-
 ed immediately the assassination of
 Russia's royal palaces by noblemen
 and aristocrats were screened to-
 day to help make a talking picture
 more authentic.

Four reels of actual scenes film-
 ed during those red days were pro-
 jected on a screen at the Paramount
 studios so that George Bancroft's
 next picture, "The World and the
 Flesh," could be realistically de-
 picted. The showing was attended
 by the star, Director John Crom-
 well and representatives of the
 casting, wardrobe and architectural
 departments.

Each department selected scenes
 which best gave it the desired in-
 formation. Single frames of the
 scenes were enlarged into eight-by-
 ten photographs and distributed to
 the departments.

Many clips of individuals were
 enlarged and used as the basis of
 designs for the costumes. The
 clothes worn by Bancroft were de-
 signed after those worn in Param-
 ount News by one of the Red sail-
 or leaders, while Miriam Hopkins
 was copied after the gown worn by
 one of the girls shown in a group
 of aristocratic refugees fleeing from
 the country.

"RESERVED FOR LADIES"

Benita Hume, English stage and
 screen star plays a leading role
 with Leslie Howard and Elizabeth
 Allan in Paramount's "Reserved
 for Ladies," which comes to the
 King's Theatre next Sunday.

Her first appearance on the
 American screen will take while she
 is splashing about in a huge mar-
 ble tub, in water discreetly soapy.

Miss Hume is well liked by Eng-
 lish picture fans. Her recent per-
 formance in the picture, "High
 Treason," added materially to her
 popularity. Her stage successes
 are numerous and include the re-
 cent London play, "Symphony in
 Two Flats," in which she played
 opposite Ivor Novello.

"MADONNA OF THE STREETS."

An intriguing story with the fas-
 cinating Evelyn Brent in a drama-
 tic role open at the Central
 Theatre to-day. It is "Madonna of
 the Streets" the Columbia film
 adapted from "The Ragged Mes-
 senger" by W. B. Maxwell.

The story is novel, not one of
 those hackneyed plots. May Fish-
 er has been companion to Howard
 Crane for years but has refused
 to marry him. Crane intends to
 bestow his wealth on her which
 by an earlier will he has left to
 his nephew Peter Morton. Before
 he can change the document, he is
 killed in an auto accident.

When love enters into the game—
 things begin to happen—very dif-
 ferent from the course of events
 anticipated by the original design-
 ing May Collins.

Evelyn Brent gives a dynamic
 and forceful performance as May.
 She is effective at all times. In
 addition to enhancing the role with
 her vivid appearance, she injects
 it with convincing realism.
 Equally effective in the role of
 Peter Morton is Robert Ames, who
 recently made such a success in
 "The Trespasser" and "Holiday."
 Other interesting portrayals are
 rendered by Ivan Linow, Josephine
 Dunn and Ed Brady. John Robert-
 son has directed with intelligence.
 Here is a film that will appeal—it
 is an intelligent production.

RADIO

TO-DAY'S PROGRAMME

The following programme will
 be broadcast to-day from the Hong
 Kong Broadcasting Station Z.B.W.

CHEUNG CHAU NOTES

[From Our Own Correspondent.]

Cheung Chau, Aug. 1.

The Cheung Chau Residents' As-
 sociation annual meeting was held
 at 10 a.m. this morning, Rev. A. H.
 Bray, as president, occupied the
 chair, supported by Mr. A. C.
 Franklin, the honorary secretary,
 who opened the proceedings by
 reading the minutes of the last an-
 nual meeting. These were read
 and confirmed. Reports of the re-
 spective committees were then
 given. Rev. J. Kempf on behalf
 of the Religious Service Commit-
 tee reported that regular services,
 Sunday school, and Bible classes
 had been held and thanked those
 who had taken part in the same.

The Sports Committee reported
 that a boat had been hired for the
 season and races and a concert
 had been held. The Finance Com-
 mittee reported a modest balance
 in hand and a good number had
 subscribed. Some house owners
 who were away the previous year
 had paid for two years.

The election of officers was then
 proceeded with. Mr. H. W. Beck-
 ing elected president; Rev. F.
 Desterhaft as first and Rev. Rex
 Ray as second vice-president.

Mr. A. C. Franklin was re-elected
 Hon. Secretary and Mrs. Frank-
 lin as Hon. Treasurer. An expres-
 sion of thanks was moved for
 their many years of service.

Committees were named:—Reli-
 gious Services Committee, Mrs.
 Greene, Rev. R. Ray, Rev. J.
 Mackenzie; Recreation Committee,
 Rev. J. C. Mitchell, Rev. M. T.
 Rankin, Rev. T. Rousseau and Mrs.
 Ray.

A sum of \$20 was voted for
 sports. This is to be supplement-
 ed by an appeal to the visitors to-
 wards a prize fund.

Rev. J. C. Mitchell made formal
 application for the use of the Hall
 for the coming conference on
 August 8.

The meeting was followed by a
 convocation of House Owners. The
 minutes of the last meeting were
 read and confirmed and the matter
 of electing new trustees for the
 Assembly Hall taken up. Dr. Mc-
 Clure, having sold his property,
 dropped out, Rev. C. J. Lowe and
 Rev. W. W. Clayton were due to
 retire this year, and Rev. F. Des-
 terhaft was elected as the Ameri-
 can representative. Dr. H. L.
 Clift and Rev. H. Davies were
 nominated and elected as the Brit-
 ish representatives.

Some little discussion followed
 on the matter of numbering
 houses.

TWO SILVER WEDDINGS.

Shrivvenham, Berkshire, July 20.
 Viscount Barrington, who ob-
 served his 84th birthday not long
 ago, has the distinction, almost
 unique among twice married men,
 of celebrating two silver wedding
 anniversaries.

SHADOWS BEFORE

COMING EVENTS ADVERTISED IN CHINA MAIL.

Social Functions.

To-day—Tea, Dances at Hong
 Kong Hotel and King's Restaurant;
 Dinner Dances at King's Restau-
 rant and Hong Kong Hotel.

Entertainments.

BE UP AND DOING!

Don't give in to headaches and "nerves"! Don't let the heat and humidity ruin your health and spoil your happiness. Always keep a bottle of Genasprin handy—it's a woman's best friend in the East. For Genasprin, the pure and therefore safe brand of aspirin, is wonderful for relieving all sorts of pain, for giving you and your children deep, restful sleep and for soothing your nerves. Besides, Genasprin leaves no bad after-effects whatever and retains its power in spite of repeated administration.

"Without the slightest risk." A famous Doctor wrote in "The Medical Times":—"What chiefly distinguishes Genasprin from the numerous other brands is the fact that, owing to its absolute purity, it can be prescribed much more freely than those without the slightest risk of toxic symptoms. The frequent use of small doses of Genasprin affords effective relief from pain, produces no nausea or other reaction, does not create a habit or craving, retains its power in spite of repeated administration, causes no disturbance of digestion and is not dissolved by the gastric juices but expelled from the body with considerable speed."

Shake off Pain with GENASPRIN
The SAFE brand of Aspirin

To relieve the pain of Headache, Malaria, Dengue, Toothache, Heatstroke and Neuralgia, and to soothe the nerves in cases of Sleeplessness, Over-excitation, Excitement and Irritability.

F. R. LOXLEY & Co.
Agents

To obtain the best results, Genasprin should be dissolved in a little water.

Suffad, D. A. Razack, A. R. Rummahn and M. R. Abbas. Radio: W. L. Plew, D. W. Waterton, W. Chanson, Y. Y. Lam, W. W. and G. Singh. (Ying Ming.)

TISDALL'S RECORD NOT RECOGNISED.

Knocks Over Last Hurdle

O'CALLAGHAN REPEATS HIS 1928 FEAT.

Ireland's Second Success.

Los Angeles, Yesterday. R. M. N. Tisdall's world record for the 400-Metres Hurdles at the Olympic Games has not been allowed to stand owing to the fact that Tisdall knocked down the last hurdle, Hardin, the Louisiana (U.S.) hurdler, was second with a time of 52 secs., which equals the world record. Tisdall covered the distance in 51.8/10 secs., which was a considerable improvement on Lord Burghley's Olympic record, established in 1928.

Lord Burghley, who won the Olympic event at Amsterdam in 1928 when clocking 53.2/5 secs., was fourth in to-day's event. The British captain, who states that he is retiring from the track after the

Y.M.C.A. SWIMMING GALA ENTRIES.

Strong Chinese Representation.

NO V.R.C. ENTRIES.

Dancing Will Follow Aquatic Events.

The Y.M.C.A. Swimming Gala at 9 p.m. to-night promises to be a keen and exciting event. Outside competitors are offering a serious challenge to the Y.M.C.A. who have made great strides since the opening of their bath three months ago.

The Chinese Bathing Club and the South China Athletic Association are sending strong teams for the open events and high-class swimming is anticipated.

The Victoria Recreation Club were invited to compete in the 50 Yards (Men), the Diving, the Relay and the Water Polo games, but on going to press no replies had yet been received by the Y.M.C.A. secretary.

The following entries have been received:

CHINESE BATHING CLUB.
50 Yds. Open:—Leung Shu-man, Diving:—Chan Tze-ching, Wan Kwong-ting.

50 Yds. Ladies:—Chan Yuk-fai, Chan Wun-king.

Teams Race:—M. K. Yeung, K. W. Chiu, C. L. Tsai, S. H. Leung, F. S. Kwok, Y. C. Lau.

SOUTH CHINA ATHLETIC.
50 Yds. Open:—Chan Ki-chung, Cheung Wing-kong, Chau Suk-kam, Kwok Chan-hang.

Diving:—Chan Ki-chung.

50 Yds. Ladies:—Yeung Sau-king, Yeung Shau-kan, Yuen Pui-cheung, Leung Wing-hang.

Teams Race:—Chan Ki-chung, Cheung Wing-kong, Chau Suk-kam, Leung Tit-sang, Kwok Chan-hang, Wong Sheung-hing.

Reserves:—Yeung Hang-wah, Mok Nai-shing.

Water Polo:—Chan Ki-chung, Cheung Wing-kong, Leo Ming-chun, Kwok Mok-hoi, Chau Suk-kam, Wong Sheung-hing, Kwok Chan-hang.

Reserves:—Yeung Hang-wah, Mok Nai-shing.

Y. M. C. A.
50 Yds. Open:—Donn, Kerr, Oliver, Selk.

Diving:—Morgan, Morrison, Mrs. Woolzel.

Teams Race:—Donn, Witchell, Oliver, Kerr, Ralston, Selk.

Water Polo:—Angus, Kerr, Witchell, Ralston, Stoker, Donn, Campbell.

Games, has lost that fire which made him famous in 1928, and he has now passed his prime.

Hardin won the 400-Metres Hurdles at the U.S. Olympic Trials in 53.5 secs. Henley was second and Taylor third.

Dr. Pat O'Callaghan (Ireland) repeated his Throwing the Hammer triumph at Amsterdam in 1928 by winning the Olympic event to-day with a throw of 176 ft. 11 1/2 in.

His winning throw at Amsterdam tallied 187/336 ft. This is Ireland's second win, Tisdall having won the Hurdles event.

Home Cricket Scoreboard

COUNTY CHAMPIONSHIP.

Somerset beat Hampshire by 28 runs at Southampton.
Somerset: 118 (Bailey 5 for 30) and 105 (Boyes 5 for 55).
Hampshire: 111 (J. C. White 5 for 35) and 84 (Young 5 for 30).
Yorkshire beat Lancashire by an innings and 5 runs at Manchester.
Lancs.: 170 and 187 (Verity 5 for 35).
Yorks: 362 for 9 dec. (Sutcliffe 135).
Leicester beat Northants by an innings and 14 runs at Northampton.
Leicester: 291.
Northants: 110 (Geary 7 for 60) and 167 (V. W. C. Jupp 106, Astill 6 for 74).
Worcester took first innings points from Essex at Worcester.
Worcester: 309 (Eastman 6 for 52) and 196 for 5 dec.
Essex: 247 and 120 for 8.
Notts took first innings points from Surrey at the Oval.
Notts: 267 (M. J. C. Allom 5 for 69) and 61 for no wicket.
Surrey: 177.
Warwickshire took first innings points from Derbyshire at Edgbaston.
Warwick: 260 (Mitchell 6 for 79). Derby: 86 (R. E. S. Wyatt 5 for 24, Paine 5 for 49) and 191 for 8.

FRIENDLY.

The All-India XI beat Glamorgan, by 54 runs at Swansea.
Indians: 229 (Mercer 6 for 44) and 87.
Glamorgan: 81 (Amar Singh 6 for 38) and 181.

EARLIER RESULTS.

County Championship.
Gloucester beat Kent by nine wickets at Canterbury.
Kent: 163 (Parker 6 for 33) and 197.
Gloucester: 325 (Hammond 136) and 38 for 1.
Sussex beat Middlesex by an innings and 37 runs at Hove.
Middlesex: 140 (Tate 7 for 28) and 98 (Tate for 30).
Sussex: 275.

COUNTY CHAMPIONSHIP TABLE TO DATE.

WORLD SPORTS

LONG JUMP RECORD

In the course of an athletic meeting held in Paris on July 25 at the Colombes Stadium here, Robert Paul broke the French long-jump record, reaching the 4.36 metres mark.

The preceding record of 7.21 metres was held for the previous eight days by Robert Paul as well.

RAMPLING FIT.

There is every hope that L. G. Rampling, the Army quarter-miler, will be able to take his place in the British Olympic Games team. He was prevented from defending his A.A.A. quarter-mile title owing to a pulled muscle in his thigh, but his recovery has been rapid, and at Abingdon, he said he was very satisfied with the results of an unofficial trial over 600 yards.

"I pulled up perfectly sound," he said, "and feel confident of being fit."

METCALFE'S SPEECH.

Edith Metcalfe, the Marquette Shadow who is regarded as sure to win one or two Olympic events after his recent sensational races, evidently is majoring in English at Marquette. In a radio address, he said: "I will endeavour to make every effort to try to win out there in California." And folks, you'll have to admit the young man is going to give the Olympics the old college try.

ARMY SOCCER.

In the International Army Association Football tournament of 1932-3 the British Army will entertain the French Army at the Crystal Palace F. C. ground, Selhurst Park, on February 18, and visit Brussels on February 26 to oppose the Belgian Army. Last season the British Army lost both games.

INDIA WIN AT POLO.

On the occasion of the Indian Empire Garden Party at Hurlingham on July 5, a match was played for the Indian Empire Challenge Shield between teams designated India and Hurlingham. The latter was a scratch side, while India, who won by nine goals to three, was represented by the Royal Artillery regimental team except that Mr. Mew took the place of Captain Eiton at No. 2.

NAVY BEAT AIRMEN.

The fifth annual match for the Duke of York's Cup, between the Royal Navy and the Royal Air Force, was played at Ranelagh on July 6 when the Navy won by 9 goals to 2. The Navy have won four times, the only Air Force success being in 1929.

Lt-Comdr. C. E. Lambe, who has played back for the Navy during the past three years, was the outstanding player on the field, and hit four goals. The winners showed far better combination, and it was soon evident that the game was theirs.

For the losers Wing-Comdr. Walter, who has taken part in all five contests, was the best, but the team showed a lack of practice together.

LOST ATTACHE CASE

The British Davis Cup team had an adventure on their way to Berlin to play Germany. At Brussels the team had to change trains. They were about to resume their journey when Mr. H. A. Sabelli, the secretary of the L.T.A., who is acting as manager of the team, discovered that he had left his attache case in a taxi. It contained the tickets and passports of the team.

SO THEY FLEW

G. P. Hughes, H. G. N. Lee and A. D. Pribble, had gone to the station in advance and had been allowed through the barrier upon telling the official that their tickets were following. These three travelled to Germany in the ordinary way, but E. J. Perry, H. W. Austin and Mr. Sabelli were held up.

Help was sought from the British Embassy in Brussels, but this half of the team could not proceed until the following day—and then they flew to Berlin.

ASHBURNTON SHIELD

It was the public schoolboys of London who proved themselves the

best musketeers in the contest for the Ashburnton Shield on July 8. Eighty-seven schools—the largest number since the institution of the competition seventy-one years ago—had entered, and although Lancing and Aldenham, both promising teams last year, had scratched through illness, the contestants who remained were a very staunch body.

The principal honours went to King's College School, 479; Christ's Hospital, 472; Whitgift School, Croydon, 471; The Wimbledon School, though they have entered every year since the war, only achieved the 20th place in 1931. The Bluecoats have not entered for several years, and Whitgift was no more than 69th last July.

None of the first three in the last contest appear as "placed" this year.

ANOTHER PHAR LAP?

Phar Lap's place as a great New Zealand-bred horse looks like being taken by Ammon Ra, by the English sire, Limond, who was by Desmond. He and Nightmarch (winner of the Melbourne Cup and also bred in New Zealand) were first and second for a recent race at Randwick. The bookmakers would not lay against Ammon Ra, but accepted 2 to 1 about the horse, and Nightmarch, like Phar Lap, is by the English sire, Night Raid.

ARTILLERY WIN.

The Royal Artillery won the Inter-Regimental Cup on July 4 at Hurlingham, beating the Royal Scots Greys by 8 goals to 5.

The Greys, after their victory over the holders in the semi-final, were thought by their supporters to have an even chance of winning.

Orthodox opinion, however, always holds that a level team of good players should beat a side composed of one outstanding player and three moderate ones, and this opinion was justified by the result.

BUGATTI TRIUMPHS.

Chiron, on a Bugatti won the Dieppe Automobile rally at Dieppe on July 25, covering the 501.9 kms. in four hours. William and Bouriat, both on Bugatti cars came in second and third respectively.

A Bugatti also won the first place in the categories of cars with a cylinder capacity of less than two litres, its owner, Czaykowski, having covered 465.9 kms. in four hours.

HORSE RACING RECORD.

Mr. Cornelius Whitney's four-year-old Equipoise recently established a new American horse racing record by covering a mile in 1min. 34.25secs., beating the previous record of 1min. 34.45secs. by Roamer in 1918. This does not beat the world's record for the mile, however, Keppelstone having recorded 1min. 32.45secs at Brighton, England, in 1925.

BAT BATTALINO'S COMEBACK.

Decisive Win Surprises Boxing Enthusiasts.

MASTERFUL DEFENCE.

New York, July 28. Christopher Bat, Battalino, the New York Boxing Commission's featherweight champion of the world, who has suffered severe setbacks in recent months, staged a come-back to-night when he knocked out Wildcat Hines, a local fighter artist.

The engagement was one-sided as Battalino was superior in all departments of the game. The champion's knockout blow came in the third round after he had floored Hines three times in the first two rounds.

Battalino demonstrated speed and masterful defence in both the clinches and at long range.

His victory constituted a clear come-back, since ring enthusiasts thought he was slipping rapidly due to his recent defeats at the hands of Frankie Petrolis, brother of Billy Petrolis, the Fargo Express. On June 28, he was defeated in 10 rounds by Frankie, and on July 19 he lost a decision to the same foe. Previously the champion lost three times to Billy himself.

CHINESE TEAMS IN MANILA.

Pass Through On Way To Straits.

C. C. LIM DIRECTOR.

Manila, July 28. Thirty Chinese athletes are arriving to-day on board the President Harrison from China. The party is made up of a boys' basketball team, a girls' basketball team, one boys' volleyball team, another girls' volleyball team.

The Chinese athletes are on their way to the Malay States where they will engage in a series of games. They are stopping off in Manila for two days, leaving off their destination on Thursday.

Consul Kwong and several prominent Chinese sportsmen will meet the Chinese athletes at the pier to-day when the President Harrison docks. A round of social entertainments will be given in honour of the visiting athletes by the Chinese community in Manila.

C. C. Lim, a director of the Chinese Y. M. C. A. has already arranged exhibition matches for the Chinese athletes. These games will be played at the Chinese Y. M. C. A. on Tuesday and Wednesday. Local high school girls' volleyball teams may be pitted against the visiting Chinese toasters, while it is possible that an American girls' cage team may engage the Chinese lassies in a bitter tussle.

The Chinese boys' basketball team will have no easy time with the local basketball contingents. The basketball season will soon start here and college and high school teams are now in the midst of intensive preparation for the coming tournament. Chinese Y. M. C. A. sports officials will pick one or two local quintets to give the visiting eagles some stiff competition.

YESTERDAY'S LEAGUE TENNIS.

JAPANESE RECORDS.

Women's World Record For High Jump.

Tokyo, July 24. According to the latest message reaching here from Los Angeles, Misses Sagara and Hirachashi, who are there representing Japan for the coming World Olympic Games, have created new Japan records in the running high jump. Miss Sagara jumped 1.53 metres. Miss Hirachashi, 1.51 metres.

Miss Nakanishi, a hurdler, made a tie record to her own, namely she ran 80 metres hurdle in 12.4 seconds.

LAWN BOWLS.

BEAT QUALIFIES FOR THIRD ROUND.

Decisive Win Over Silva In Bowls Open.

TO-DAY'S SPEY ROYAL GAME.

C. S. Beat defeated C. G. Silva by 21 shots to 15 in the Third Round of the Lawn Bowls Open Championship on the K.C.C. green yesterday.

"I'm Not A Lucky Golfer" — Says Walter Hagen.

The standard of play of the average golfer is improving every year; at least if we may judge by the number of holes reported as done in one. With the modern ball, players are able to shoot straighter and farther than they used to do. This makes more holes in one possible, as the player who can hit only far enough to reach the two shortest holes on the course in his tee shot has precious little chance against the player who can reach at least five or six greens from the tee.

"I made my first hole in one several years ago while playing at Worcester in a match just before the American Open Championship was played. It was a day too soon, as a one at this hole during the championship would have been a big help to me. Had I accomplished it there in the last round, instead of taking a five, the championship would have been mine, as this would have given me quite a margin to work with."

"BIRDIES" ARE BETTER.

I figure that, considering all the rounds of golf I have played, the lucky ace has eluded me pretty well. My grand average is very poor. It is said that a golfer should make a one in ten thousand attempts, but I have had much more than twice this number of shots on short holes since I have been playing the game.

However, I will be satisfied if no more came my way so long as I am lucky enough to lay them stone dead. A birdie two is much more acceptable to the average golfer than a hole in one, as the two nearly always serves the purpose of winning the hole, in match play, and the duces come very often compared to the aces. If a player could keep tab on the number of birdies that he registers during the season he would quickly discover that the figure ran very high compared with the times he has even come near to bringing off the perfect fluke.

One hears a good deal of argument nowadays about what constitutes perfect golf or a first-class player. Some golfers insist that a round in par is perfect golf, as it calls for all that is required of the golfer. He is entitled to two putts on each green and this is supposed to be all that is coming to him.

Theoretically this is quite accurate. Par golf is not actually perfect golf in my estimation, by any means, as I have played many

rounds in par that did not in any way resemble perfect golf. The reason is simple enough. If a player keeps reaching the green on practically every hole in two, with an occasional three on the very long

holes, and does not at any time during the round lay the second ball close enough to the pin to get down in one putt, he is not playing perfect golf, or if he is, he isn't having any luck.

All star players shoot for the pin, or they at least make an attempt to land hole high. Now, if half of these shots are straight it would mean that a birdie was in sight. It is very difficult to determine what perfect golf should be, but I am sure it is far below a round of par for the reasons just mentioned.

The average good golfer to play perfect golf must not miss any shots, so he must be on the green each time in two and on the par five holes in three. We will say that half of the time he lays the ball close by the pin and gets the putt in, within six feet of the cup. This would take at least nine strokes off the par figures, but it is expecting too much to ask a player to get within six feet of the cup half the time, even with so-called perfect play.

THE AVERAGING UP OF LUCK.

Let us figure on his doing this a third of the time, and it will bring the perfect score down to six below par figures. This is not, supposed to be a standard for perfect play; but, to my way of thinking, it comes nearer to being the real or satisfactory round than mere par figures.

One can have a lot of luck in playing golf, but I do not take this into serious consideration, as luck has a way of averaging up in a day's play or a week's play.

There are many players whom we are in the habit of calling lucky; but usually—quite often, in fact—they have something more than luck to back up their claims. I have always noticed that it is the best players who seem to get the most breaks to come their way. This is natural, as the secret of success lies in giving the ball a chance each time.

There is one thing that can be said in favour of the man who has holed his tee shot, and that is that he had the nerve to play for the pin. Many golfers are content to land some place on the green, but the expert golfer is not content with this if it is possible to do a little more.

WALTER HAGEN.

TWO MORE BRITISH SPEED RECORDS.

Motor Cyclist Register 115.29 Miles An Hour.

Brooklands, July 23.

Two new records for motor-cycles were made in one event here to-day. In a race for 500 c.c. motor-cycles, the lap record of 111.42 miles per hour, made in 1929, was beaten by C. B. Bickell, riding a Bickell-Jap, who reached a speed of 112.17 miles per hour.

Later, in the same race, W. J. C. Hewitt, riding an Excelsior-Jap, bettered this figure by doing 115.29 miles an hour.

Hong Kong, Wednesday, Aug. 3, 1932.

Good Progress At Ottawa.

After two weeks' deliberations the delegates to the Imperial Conference have made steady progress and the Conference to date may be termed very satisfactory. Only meagre reports are issued at the end of each day's session, and the public is kept informed, only of the general progress, the details being reserved. The Conference is, of necessity, in camera and most of the work is done in committee stages, where expert advisers supply the vast amount of technical knowledge that is essential in discussions on trade matters. On Saturday the rather startling announcement was made that the primary object of the committee had been the raising of the general price levels for exports between the Empire's nations. As there are many economic and financial authorities at Ottawa, this scheme must be practical and advisable, and it is pleasing to note the efforts to bring about higher prices which, of course, will lead to a higher standard of living. As it is recognized that the present slump is caused partly through the collapse in price levels the significance of this move can be appreciated. On the face of it, the Dominions would benefit most from any increase in prices as the primary products would receive the initial benefit. Apart from faulty financial administration, the Australian crisis was to a large degree caused by the tremendous drop in prices for wool, wheat, dairy produce and other primary products. The fall was staggering, wool prices decreasing over 75 per cent. within 18 months. The other Dominions are in the same category, all, even Canada, depending mainly on agriculture for their export trade. It is stated that the delegates have arrived at tentative arrangements with respect to butter, meat and fruit. These items affect all the Dominions, butter being of particular importance to New Zealand and Australia. Evidently Britain has agreed to grant tariff preferences on these

products, receiving in turn a market for manufactured goods. The omission of wheat indicates that this stumbling-block is again proving a controversial subject. Affecting Canada vitally, and Australia, the question of wheat markets has always been a bone of contention, the former demands by Canada having been considered too embracing by Britain, who must protect the Englishman's right to cheap food. Britain is prepared to give a reasonable wheat quota, to Canada but the market cannot be made exclusive. There is hope for agreement on this point at the Conference as Premier Bennett has indicated that the Canadian demands may be modified so as to be acceptable to Britain. There will be minor disputes and sundry differences but the spirit of haggling and bargaining so predominant at most international Conferences will be absent and the Empire is assured of a harmonious gathering of its delegates. The wedding of the British Commonwealth of Nations into a strong economic group, which at the same time does not operate its trade to the exclusion of the rest of the world, will prove of immense value to the Empire and it is the earnest hope of all Britishers that the Conference is successful from all aspects. It is a matter for congratulation that that hope is likely to be fulfilled.

Personal Pars.

Mr. Tsai Chiu-kai, brother of General Tsai Ting-kai came to Hong Kong per s.s. Lung Shan yesterday. He is en route to Fukien.

The Hon. Mr. W. H. Bell, General Manager of the A.P.C., returned to the Colony this morning per the s.s. Empress of Russia.

Mr. W. Stanton, the well-known local jockey, was among the passengers returning to the Colony by the s.s. Empress of Russia this morning.

Mr. and Mrs. Wm. N. Gray, arrived in the Colony this morning from Shanghai on the s.s. Empress of Russia. Mr. Gray is the manager of the Gray's Yellow Lantern Shops.

Mr. R. A. May, president of the Gatz Bros. Company, is paying a visit to the Colony in connection with business. He arrived this morning on the C.P.R. steamer Empress of Russia.

News In Brief.

Mr. Scott, of Arnhold's Gloucester Building, has reported the loss of a fountain pen.

Miss S. Bancroft, of 174 Fuk Wah Street, has notified the Police of the loss of a silver wrist watch.

The Chung Nam Athletic Association will give an entertainment on Saturday night at the Association's Hall in Bonham Road.

His Excellency the Officer Administering the Government received yesterday, in a special audience, Mr. Manuel Rivera Iglesias, the local Consul General for Peru.

The loss of money and jewellery, to the value of \$200, from a chest-of-drawers in a bedroom at 11 Nanking Street, has been reported to the Police by Mr. A. M. Silva.

A European style lady's jacket was picked up in Stubbs Road yesterday by a Chinese constable, and taken to No. 2 Police Station, where it may be had on application by the owner.

The Overseas Chinese delegates were entertained to dinner last night by Mr. Chang Wai-cheung, at the Tung Yat Restaurant. The delegates leave for Manila to-day on the s.s. Empress of Russia.

Bitten by a dog owned by Mr. John Owen-Hughes, of 404 The Peak, a Chinese, Ng Siu-sang, 52, employed by the Sanitary Department, was removed to the Government Civil Hospital.

Accidentally falling down a chute at the Green Island Cement Company, Hunghom works, Yung Hing, 45, employed as a bucket tipper, sustained injuries to his head and wrist. He was sent to the Kowloon Hospital for treatment.

Mr. S. M. Fernandez, has joined the Faria-Fernandez Institute of Physical Culture, of 81, Hill Road, as Physical Director. Mr. Fernandez comes here from Malaya, where he has gained distinction in weight-lifting and boxing.

The weekly whist drives which are being held at the Police Recreation Club every Thursday evening are becoming very popular functions. Each week, close on 100 persons attend. There will be another drive to-morrow commencing at 8.30 p.m. Those interested are invited to attend.

SHAMROCK WINS KING'S CUP.

(Continued from Page 1.)

Shamrock, the winner of the King's Cup, was owned by the late Sir Thomas Lipton who made repeated attempts on the American Cup. In 1899 he made his first attempt, but met with defeat at the hands of Columbia. Two years later his second vessel suffered the same fate. In 1903 Shamrock III lost to the Reliance and seventeen years later Shamrock IV lost to the Resolute. In 1930 Sir Thomas was confident of his chances with Shamrock V against the American yachtman, Vander Bil, in the Enterprise, but a broken boom cost him the trophy. It was this vessel, Shamrock V, that won the King's Cup yesterday, thus repeating its success of last year when in the hands of Sir Thomas Lipton.

Amazing Record.

The King's Yacht, Britannia, is the most remarkable racing yacht in history. No vessel has ever had such an extraordinary career. She is by far the oldest yacht, has sailed the most races, and won the greatest number of prizes of any yacht. She has sailed at Cowes for a great many years and when her racing flag—red and blue, with the white Prince of Wales's feathers in the centre is aloft, that is sufficient of itself to make the whole regatta a merry holiday. She is still the handsomest yacht afloat, as she was when the late George Watson designed her thirty-nine years ago for the Prince of Wales.

Race for First Time.

The Britannia has raced more than 500 times and has won over 300 prizes, including 207 firsts. In recent years, too, she has won a fair proportion of races against the modern yachts.

The Queen Mary's Cup for fifteen-ton yachts, up for competition this year for Cowes, was won by Sir Geoffrey Fielding's Rose Mary. Nine yachts started and Major Powers Clark's Garmara came second with Mr. Chaplin's Coral third.

Local Warrant Officer's Adventure

(Continued from Page 1.)

After much pushing through the dense undergrowth, he found himself at the top of a waterfall about 100 feet deep. He tried to climb down to the end of the stream, but slipped in the process, and in falling hit his head on a rock, the blow rendering him unconscious for about 1½ hours.

When he recovered, Mr. Wanstall found that the only thing that had prevented him falling right into the stream, was the fact that his feet were braced against a boulder. The water was up to his waist.

Had he fallen right into the stream he would undoubtedly have been drowned, and the force of the water would have washed him over the brink of the waterfall on to the rocks about 100 feet below.

He managed to get to a Chinese village, taking about three hours on the journey, and the villagers were very hospitable, allowing him to sleep in the schoolroom. He was also provided with food and blankets, and water to bathe the lacerations on his legs and arms, caused by struggling through the undergrowth.

Yesterday morning a guide took him over the hills to Sha Tau Kok and from there he caught a bus to Fanling, arriving back in Hong Kong at 11 a.m.

Meanwhile in Hong Kong, his absence was causing great anxiety, and a party of Argyll and Sutherland Highlanders were prepared to leave to search for him.

This morning he looked none the worse for his experience.

COLLISION INQUIRY COMMENCED.

Loss Of Harbour Tug
Recalled.

THREE PERISHED.

A Marine Court of Enquiry to-day opened the investigation into the circumstances attending the sinking of the tug "EDITH," following its collision with the S.S. TIN YAT in Hong Kong harbour on the night of July 25, and the consequent loss of three lives.

The Court consisted of Commander G. F. Hole, R.N. (President), Lieut.-Commander L. G. Addington, R.N., D.S.O., Mr. Charles Stringer, Mr. J. P. Williams, and Mr. A. W. Muir.

Mr. R. A. Wadson appeared for the masters of the "Henry Keswick" and "Edith"; Mr. G. K. Hall-Brutton appeared for the navigators of the s.s. "Tin Yat"; and Mr. Hugh Jones represented the interests of the Master of the "Hirundao."

Ten minutes before the Court was formally opened, the public crowded into the hearing and followed the proceedings with great interest.

The first witness to be called was Mr. F. J. H. Jenner, who stated that he was the liaison officer between the owners of the Chinese coxswain of the steam tug "Edith." He stated that on the night of the collision, he had directed the coxswain of the "Edith" to proceed to the tug "Henry Keswick," which was then towing the disabled s.s. "Hirundao," and to make fast on the starboard side of the latter vessel.

At about 10 p.m. witness sighted a river steamer heading apparently across the bow of the tug "Henry Keswick," which was towing from the bow. It then appeared as if the on-coming river steamer was going to pass between the "Henry Keswick" and the bow of the s.s. "Hirundao."

Skipper Alarmed. The witness said that the master of the s.s. "Hirundao" called to him: "What the hell is the ally fool trying to do?" Witness had then instructed the coxswain to sound two long warning blasts, and the blow was taken up by the other vessels.

A few minutes later, s.s. "Tin Yat" had crashed into the "Edith," which was swung by the impact against the starboard side of the s.s. "Hirundao" and dented one of that vessel's plates.

As soon as the "Tin Yat" cleared from the "Edith" the latter's fore-cabin collapsed and the foredeck became awash. Within a very short time, the bow and stern tow-lines carried away, and the "Edith" settled down in the water. One fireman and two men who had been trapped in the fore-cabin, were drowned when the "Edith" sank. Witness, the coxswain and the rest of the crew, were picked up by a boat from the s.s. "Tin Yat."

Witness, in answer to a question, stated that in his opinion, nothing could have been done by either the "Edith," "Henry Keswick" or "Hirundao" to avoid the collision. The hearing continues.

TRIBESMEN BEAT LOYAL NAWAB.

(Continued from Page 1.)

ing the attacks of the Fakir, and men of his stamp, and only last year destroyed bridge approaches into his territory to prevent the passage of an invading army. Now, however, he is beset by the Fakirs and their armed levies from Salarazais and Shamuzais. The Salarazais are besieging the Nawab's fortress at Miskini, at the upper end of the Jandul valley, and the Shamuzais are threatening Niankili in the south. The hitherto invincible Nawab is thus pressed on the two extremes and, though he is making a bold resistance, it is feared that unless British help is made available, the tribesmen will pass his lines.

In that event they will rush upon British territory, for the Fakir of Alingar has sworn an oath to invade India. — Reuter.

Silk Agitation.

Rugby, To-day. Reports received from London indicate that during the past week India Congress activities throughout the country have been ineffective.

A Sikh agitation in the Punjab, against forecasts of the Government's Communal award, is, however, causing some unrest and increased communal tension. — British Wireless Service.

YORKSHIRE ON TOP.

(Continued from Page 1.)

Somerset won an amazingly low scoring game by 28 runs against Hampshire at Southampton. Altogether 426 runs were scored for the loss of 40 wickets. The bowler was ever on top and Bailey and Young returned the best figures — 5 for 30 — while Jack White had 5 for 35 and Boyes 5 for 55. This was Somerset's fifth win of the season.

Warwick Nearly Win. Maurice Alom bowled well against Nottingham at the Oval, but Surrey were faced with a total of 287 to which they replied with only 177 to concede first innings points.

Warwickshire nearly forced a win over Derbyshire at Edgbaston, the visitors at the close of play being only 17 runs ahead with two wickets in hand. Mitchell (6 for 79) was responsible for the home county's dismissal for 280, but the visiting side collapsed sensationally before K. E. S. Wyatt (5 for 24) and Paine (5 for 49), and were dismissed for 88. In spite of good bowling by Eastman Essex were forced to concede points to Worcester, Eastman taking 6 for 52 in a total of 309. (Results and Table on Page 4.)

I.I.D. CERTIFICATE QUOTATION.

Yesterday's quotation of I.I.D. Certificates of the Societe Internationale de Placements, Basle, was \$2.16.0. according to information received from Messrs. A. Goelke & Co., the local agents.

D.M.S.S. REFORMS OPPOSED

Public Health Body
"Unnecessary"Unofficial Members
Unanimous

AGREE CHANGES NEEDED

SHARP DIFFERENCES WITHIN
SANITARY BOARD.

Unofficial members of the Sanitary Board are unanimous in their condemnation of certain phases of the recommendations for reform in the administration of this branch of the Colony Government, put forward at the last meeting of the Board by the Director of Medical and Sanitary Services. At the meeting of the Sanitary Board yesterday afternoon, all unofficial members voted in favour of Mr. C. Champkin's motion of opposition, while the official members of the body refrained from registering their opinions.

Those present were:—

Mr. G. R. Sayer (president), Hon. Mr. R. M. Henderson (vice-president), Dr. G. W. Pope, Dr. Li Shu-fan, Dr. R. A. Castro, Basto, Messrs. C. Champkin, M. K. Lo, L. C. F. Bellamy, Wong Kwong-tin and J. H. Gelling (secretary).

MR. CHAMPKIN'S MOTION.

The first business put before the meeting was that in connection with reorganisation of the Medical and Sanitary Services.

Mr. C. Champkin, pursuant to notice, moved:—

"That, in regard to the copy of Recommendations submitted by the Honourable the Director of Medical and Sanitary Services for the Reorganisation on modern lines of the Medical and Sanitary Services of the Colony, which was forwarded to the President of the Sanitary Board by the Honourable the Colonial Secretary under covering letter of April 19, 1932, the unanimous views of the unofficial members of this Board in regard to such Recommendations are as follows:—

i. That it is unnecessary to create a Public Health Board which is to function separately and independently of the existing Sanitary Board.

ii. That the Constitution of the Sanitary Board be enlarged in order that it may function as a Public Health Board with the personnel suggested by the Director of Medical and Sanitary Services for his Public Health Advisory Board (except that the Vice-Chairman shall be a non-technical man, preferably the Secretary for Chinese Affairs), but with a proportionate increase in the number of the unofficial representatives of the public, (so that the existing unofficial majority be approximately maintained), such enlarged Board to exercise all the functions of the present Sanitary Board, together with the new functions contemplated by the Director of Medical and Sanitary Services for his Public Health Advisory Board.

iii. That it is imperative in the interests of the general public that all questions of policy and expenditure of public money should be vested in the Public Health Board.

iv. That, as regards the Director of Medical and Sanitary Services' recommendations under sub-heading "The Medical or Curative Branch" having regard to the necessity for economy in the working out of the scheme, sufficient recognition has not been accorded to the fact that there are in the Colony highly qualified medical practitioners who may be willing to co-operate, either in an honorary capacity, or on part-time engagement, or to the fact that Hong Kong University Clinical Professors are, and have for some time

been, rendering valued and highly appreciated public services. v. That copies of such memoranda on the Director of Medical and Sanitary Services' recommendations as have been submitted to the Head of the Sanitary Department by members of this Board be forwarded to the Government for its consideration.

vi. Subject to the points enumerated above, the unofficial members of this Board are in general agreement with the policy of reform advocated by the Director of Medical and Sanitary Services."

Mr. Champkin's Speech.

Mr. Champkin said:—

As a newcomer I am under the disability—or it may well be that I have the advantage—of knowing nothing of any consideration by the Board that may have prompted this very able and interesting memorandum by the Hon. the Director of Medical and Sanitary Services.

I approach it without knowing in what respects, if any, this Board has so far failed to function effectively as to warrant the implied criticism of the D.M.S.S. that the Sanitary Board under this proposed new scheme will confine its activities to sanitation in the restricted sense of the term.

The majority of my non-official colleagues are professionally qualified to analyse these public health proposals with more perspicacity than I can claim, and I would have preferred that they should have been subjected to a more detailed scrutiny than I can give them in briefly putting forward the motion that stands in my name.

I would like however to say that the motion as it stands is the considered and unanimous view of the non-official members of this Board. I think I could go so far as to say that the D.M.S.S. has laid us under a heavy obligation by setting forth so lucidly and convincingly needs that it is clearly our duty to urge that the Sanitary Board will not stand between the D.M.S.S. and the putting into effect of such public health reforms as are obviously desirable and we non-officials are agreed that many of the reforms he advocates are long overdue.

We appreciate the advantages of his proposals in so far as they are concerned with internal departmental changes by which I mean changes in nomenclature, increases or reductions in personnel and improvements or additions to material and equipment.

It is of course impossible for us to hazard an opinion as to whether the public benefits of these proposals will be commensurate with the public expenditure they will involve. There must be a point of balance somewhere and if we look upon this Board rather as the guardian of the public purse than as the custodian of the public purse we may still, I hope, rely upon some unhygienic Finance Committee submitting this scheme to a more searching economic analysis than we are able to give it.

We entirely agree with the D.M.S.S. as to the advisability of a

clearer demarcation, by new ordinances, or by amendments to existing ordinances, of the many interests concerned with the health, safety and convenience of the public that come within our province.

Disagreement.

We do not however agree that it is necessary or desirable—we are emphatically of opinion that it is very unnecessary and entirely undesirable—that the carrying out of these reforms should cloak a scheme for depriving the taxpayer of his elementary right to ask questions through the elected members of this Board on matters of public interest apart from sanitation in the restricted sense of the term.

The Prevention and Treatment of Epidemics, the Sale of Food and Drugs, Factory and Workshop Conditions, the Construction of Buildings, Cattle Disease, Town Planning, matters relating to Water Supply, the Public Health and everything else except sanitation in the restricted sense of the term—all these by a stroke of the pen are to be placed beyond public criticism. They are to be no longer matters of public concern.

The taxpayer that pays the piper may be quite content that the D.M.S.S. should call the tune, but if the taxpayer is to be told to mind his own business when he ventures to enquire what the tune is, then I say he will not tolerate this deprivation of his right. The non-officials of this Board will most strenuously resist the proposed abrogation of their authority to criticise any and every department concerned with Public Health.

The suggested establishment of a Public Health Advisory Board consisting of the Hon. the Colonial Secretary, the Hon. the Director of Medical and Sanitary Services, the Heads of Government Departments—whomsoever that comprehensive phrase may include—and certain "prominent non-officials" for the purpose of "advising" the government on matters of policy is not satisfactory to us.

The privilege of advising the government is no constitutional substitute for the right of criticism and if the proposed new Board is to bring in all these Heads of Government Departments, whose interests obviously lie in the avoidance of public criticism, then it must have a majority of non-official members, as the Sanitary Board has.

Expand Board.

The best way of accomplishing this is to expand the Sanitary Board and to so amplify its functions that they will cover all the interests it is proposed to delegate to the suggested Public Health Advisory Board—and let me add that I don't much like that word "advisory." I would rather it were called the Public Health Board. Still, whether you call it a Public Health Board or a Sanitary Board is immaterial. The principle, as we non-officials see it, is that you cannot have two Boards functioning together, one divested of all authority except with regard to sanitation in the restricted sense of the term and the other consisting mainly of the Heads of Government Departments acting in a purely advisory capacity on matters of policy.

We hold that these public health reforms can be put into effect without undermining the privilege and authority of the Sanitary Board to hold a watching brief for the taxpayer. If that privilege and authority is called into question—if it is suggested that the public interest will be better served by removing the Public Health Department from the sphere of public criticism—then we shall protest that this is a flouting of public rights that we cannot be expected to regard otherwise than with grave concern.

I have spoken strongly on this particular matter because it is really the only cleavage that we feel cannot be bridged. We want to be helpful in these reform proposals, but we cannot assent to the directive and critical functions of the Sanitary Board being set aside in this arbitrary way. In other respects we are in general agreement with the progressive policy of the D.M.S.S. and will give our full support to the measures of reform that he advocates. I now move the resolution.

Mr. Wong Secundo's Motion.

Seconding the motion, Mr. Wong Kwong-tin said:—

It is with great pleasure that I rise to second the motion just proposed by Mr. Champkin.

The Hon. D.M.S.S. is to be congratulated on his far reaching proposals for reform. While heartily supporting his efforts to effect progress in health matters, I wish to

(Continued on Page 11.)

ACTRESS LEAVES
DEATH NOTE.Illness Is Blamed.
For Suicide.

WON FILM FAME.

The suicide of an unnamed woman were indicated by clothing and letters found wrapped in a parcel when the s.s. Tung On arrived at Canton yesterday. In one of the two notes found in the little bundle of belongings, a defiant last posture towards life and a story of tragedy were revealed.

The Tung On had just docked when a parcel on a stool near the commodore's office was discovered and examined. It contained some clothing, a few silver coins, a photograph of a pretty girl and two letters. One of these latter was addressed to the commodore and the other to Mr. Lau of the Sai Yuen Motion Picture Theatre at West Point.

The letter to the commodore, roughly translated, reads: "Ha, I am laughing. I do not die of a broken heart nor from financial oppression. Let me tell you the reason I am compelled to die.

I have been an actress and I have been fighting very hard for my career. I have been young and unaware of ill health. I struggled hard. After a few years I gained a reputation on the Chinese screen. Now, after three more years, I find my health is going. I have contracted consumption. I can no longer work for myself nor for society. I have made up my mind to end my life in the water. I don't want to suffer any more.

I hope that the struggle for existence and which ultimately brings distress, but at the cost of life, is not forced upon you all. You must care more for your health than other things. But although I am going to die, I feel like laughing. Ha."

The contents of the letter for Mr. Lau was not divulged.

SUPPLEMENTARY
EXPENDITURE.\$77,414 Proposed
On List.

The list of items of supplementary expenditure has been presented to the Finance Committee of the Legislative Council for consideration.

The total proposed on the list is \$77,414.00, and is made up as follows:—

Special expenditure in connection with the water supply during the recent drought, \$25,000; Standard Wave Metre equipment ordered from England, \$2,000; personal emoluments, Harbour Department and Air Services, \$700; Bathing Matched at Kennedy Town, \$2,200; protection of embankments at 6½ mile mark on the Kowloon-Canton Railway, \$5,600; New Year Bonuses to Chinese employees, \$180; resumption for road widening schemes approved by the Government as rebuilding occurs, \$6,000; two barges for the Sanitary Department, \$8,000; construction of a timber jetty at Shaikwan, \$8,000; Kiosk Post Office, Kowloon City, \$500; grant to Hong Kong Rifle Club for erection of new range, \$4,000; grant to St. Louis Industrial School, \$1,800; incidental expenses for Sanitary Department, \$1,200; general works, New Territories, \$1,000; expenses of delegate to Congress of Prehistorians, Hanol, \$324; improvements to Fanning Waterworks, \$2,000; back lane service, pipes in Kowloon, \$8,000; erection of Bay View Police Station hut to accommodate 10 bunks, \$460; maintenance of buildings in Kowloon, \$450.

GENERAL WANG TO
SERVE SENTENCE.Left His Post In Time
Of Trouble.

Nanking, Yesterday. It was officially announced to-night that the military court had found Brigadier General Wang Keng-guilty of a charge of desertion.

He was sentenced to two years and six months imprisonment for leaving his post without the approval of his superiors during the Sino-Japanese fighting in Shanghai. It was reported some time ago that General Wang had been executed, following conviction on a charge of desertion.

THREE MUI TSAIS
FREED.P.W.D. Clerk's Large
Household.ILL-TREATMENT OF GIRLS
CHARGED.Too Little Food And
Too Much Work.

It was disclosed in the Central Police Court this morning, in proceedings brought by the Secretariat for Chinese Affairs before Mr. W. Schofield, that a Chinese clerk employed in the Public Works Department, and residing at 29C, Wyndham Street, had a kit fat wife, a concubine, and eight children, besides two servants girls, one each to work for the wife and the concubine.

Summonses, instigated by Sub-Inspector Fraser, of the S.C.A., brought against the two women, for failing to register the girls as mui tsais, were admitted.

The kit fat wife, Lai Yuet-foon, a young and pretty woman, asserted that her servant girl had agreed to work for her for seven years, at a wage of 50 cents a month, to repay a debt of \$100. The girl, she said, was ill-treated by her former employer, in fact, had been assaulted. Out of pity she lent her the money in order that she might redeem herself.

According to Sub-Inspector Fraser, the girl came to the S.C.A. offices and expressed a desire to leave her employers. The latter had refused to relinquish her on the ground that she had agreed to work for seven years, she said. The girl was formerly presented to a Chinese school master at Shum Chun.

She complained of ill-treatment, and the defendant decided to redeem her for the sum of \$180. The girl had worked for the defendant for eight months now, doing general household work, including the care of the defendant, her husband, the concubine, and eight children. A fine of \$50 was imposed.

Delayed Registration.

Ho Sau-hing, the concubine, stated that she delayed registering the mui tsai, owing to the recent death of her father.

Mr. Fraser stated that the girl had worked hard for the past five years without wages. The girl was presented to the concubine by another woman at 343 Queen's Road Central for the sum of \$120. She received no wages, and had complained that her food was insufficient. She ate her meals with the other servant and slept in a bed-space in the passage. He added that there were quite a number of registered mui tsais in the vicinity of Wyndham Street.

Remarking that this case was even worse than the previous one, His Worship inflicted a penalty of \$75.

Technical Offence. The prosecution regarding it as a technical offence, a fine of \$10, being a nominal penalty, was imposed on another woman, Lai Wong-sze, on a similar count. The woman went to the S.C.A. with the intention of registering the servant girl, who was presented to her by the defendant's mother some years ago, for \$100. The girl remained at Canton until July 16, when she came to Hong Kong and worked for the defendant. Her work was principally to care for the defendant's daughter. She was well cared for and seemed to like her work.

All three girls are to be sent to the Secretariat for Chinese Affairs, whence they will be returned to their respective parents.

CUSTOMS BLOCKADE
DISCUSSED.

Shanghai, Yesterday. The projected Customs blockade against Manchuria was the subject of a two-hour discussion this morning between Mr. T. V. Soong and Sir Frederick Maze.

A final decision however, was not reached, as Mr. Soong is reported to be awaiting the return of Mr. Chang Fu-yung, Director of the Customs Administration, who has gone to Nanking to consult the Government authorities.—Reuter.

SOVIET RECOGNIZES
NEW STAMPS.

Mukden, Yesterday. The Soviet has recognised the Manchukuo stamps, and is transmitting and delivering postal matter bearing them without more ado.—Reuter.

Hong Kong, 3rd August, 1932.

IN THE MATTER OF THE COMPANIES ORDINANCE, 1911-1921

IN THE MATTER OF BROWN'S LIMITED
(In Liquidation).

PURSUANT to Section 181 of the Companies Ordinance 1911, notice is hereby given that a Meeting of Creditors of the above-named Company will be held at the offices of Messrs. Percy Smith, Seth & Fleming, 6, Des Voeux Road, Central, Hong Kong, at 12 Noon on MONDAY, 29th August, 1932.

At this meeting the Creditors will be asked to determine whether an application shall be made to the Court for the appointment of any person as Liquidator in the place of or jointly with myself the Liquidator appointed by the Company, or for the appointment of a Committee of inspection.

Notice is also hereby given that the Creditors of the above-named Company are required, on or before the 30th September, 1932, to send in their names and addresses and particulars of their debts or claims, and the names and addresses of their Solicitors (if any) to Donald Black of Messrs. Percy Smith, Seth & Fleming, the Liquidator of the Company; and, if so required by notice in writing from the Liquidator, are, by their Solicitors or personally, to come in and prove their debts or claims, at such time and place as shall be specified in such notice, or in default thereof they will be excluded from the benefit of any distribution made before such debts are proved.

Dated this 29th day of July, 1932.
DONALD BLACK,
Liquidator.

POPULAR OFFICER LAID TO REST.

Military Burial Of Sergeant Thorpe.

The funeral of Lance/Sergeant Sidney Thorpe, 25, took place at the Protestant Cemetery yesterday evening, with full military honours.

Among those present were the Hon. Mr. T. H. King (acting Inspector General of Police), Mr. A. R. S. Major, A.S.P., Mr. T. Murphy, A.S.P., Chief Inspector P. Grant, Inspector E. Bloor, Chief Detective Inspector A. N. Reynolds, Inspectors J. McEllan, R. Shannon, C. P. Falkon, Chiang Jen Yu, and other European and Chinese members of the Force.

The Rev. L. Neville Watkins conducted the burial service.

A firing party from the South Wales Borderers fired three volleys over the grave, after which the Borderers' buglers sounded the "Last Post," followed by the Reveille.

A profusion of wreaths were laid on the grave.

CHINESE FORGER SENTENCED.

Consul's Office Boy Pleads Guilty.

"The forging of a cheque is one of the most serious offences in the calendar, and carries with it a maximum penalty of 25 years' imprisonment," declared Mr. Justice Wood in the No. 2 Criminal Court yesterday, when he imposed a sentence of three years, with hard labour on Lo Chi-hung, alias Dolvin Peter Henry, alias Peter Lo.

The accused formerly employed as office boy in the Italian Consulate, pleaded guilty to forging the signature of Mr. R. Perrajolo, Italian Consul, to a cheque drawn on the for \$800. In view of his previous National City Bank of New York good conduct, the court was lenient.

GOLD MINING FOR UNEMPLOYED.

American State Has Solution.

NEW "RUSH" TO HILLS.

Denver, Colo., July 10.

With more than 8,000 men already in the hills and additional thousands preparing to go, this State is fairly launched in one of the largest — perhaps the most important — gold rush in its history.

For weeks, schools provided by the State Department of Vocational Education have been teaching unemployed men and women how to wrest the precious yellow mineral from the State's 5,000 miles of placer streams.

And now the sharp clink of picks and the steady swish of placer rockers may be heard above the rustling of waters in many long neglected "diggings."

Some of the vast army of gold seekers find it wise to ride to work on street cars and pan in the Platte River within Denver's city limits; others, and these are more numerous, are following advice given them by teachers and veteran miners, and are reaching far into the upper Rockies, where the returns are greater.

The miners are drawn from almost every class. There are included men who have been out of employment in their regular line for many months, tourists glad for the opportunity to earn a vacation in the mountainous and romantic quest for gold, and high school and college students who have found the usual avenues of vacation employment closed and who are flocking to the gold schools and thence to camps in the hills.

According to those in charge of the State schools the chances for rich strikes are comparatively few, but the possibilities of making a steady living wage are virtually certain.

The United States Mint already reports a substantial increase in number of shipments received this year as compared with last year. The value of the amount received has remained about the same, however, it is reported.

BOXER INDEMNITY PAID TO JAPAN.

Sum Released By Finance Minister.

Shanghai, Yesterday.

Learning that a remittance of 843,675 taels had been received by Sir Frederick Maze (Inspector General of Customs), from the Dai-ri branch of the Yokohama Specie Bank, representing a third of the customs revenue detained before the seizure of the Manchurian customs, the Japanese portion of the Boxer Indemnity held in suspense by the Hong Kong and Shanghai Bank has been released by the Ministry of Finance.

Sir Frederick Maze has been instructed to renew his demands concerning the remittance of other deposits detained in Antung, Newchwang and Harbin, and the Foreign Ministry is continuing to make strong representations to the Japanese Government "against the illegal seizure of the customs in Dai-ri and other Manchurian ports."—Reuter.

CREDITORS HOLD MEETING.

Maison Marnac, Ltd. In Liquidation.

A meeting of creditors of Maison Marnac, Limited, (in Liquidation) was held at the offices of Messrs. Percy Smith, Seth and Fleming, yesterday. Representatives of the Hong Kong Land Investment and a agency Co., Ltd., the Hariram Silk Store, and the Kohinor Silk Store were present.

The liquidator appointed by the Company, Mr. S. Hampden Ross, advised the meeting that after writing down assets to a reasonable figure, there would be approximately \$9,000 assets as against liabilities of approximately \$6,000.

NEW HOARD FOUND ABOARD "EGYPT"

Rupee Notes Valued At \$500,000.

Paris, July 20.

A sensational discovery has been made by the divers of the Artiglio, which is engaged in salvaging the \$1,000,000 worth of gold ingots from the sunken steamer, Egypt.

It appears that the boxes of rupee banknotes to the value of about \$500,000, which are at present being brought up, represent an unknown hoard.

These notes are said to have been sent by the British Treasury to the State of Hyderabad, and, contrary to previous reports, have never been cancelled at all. When the boxes of rupee notes were first located, they were thought to be guaranteed by the gold ingots at the bottom of the strong room, and were said to have been cancelled by the Bank of England at the time of the sinking of the Egypt.

RECENT LAUNCHINGS

The Standard Shipping Co.'s motor tankers "F. J. Wolfe" and "Franz Klaser" have recently been launched, the former from the Bremer Vulkan Shipyard and the latter from the Deutsche Werft.

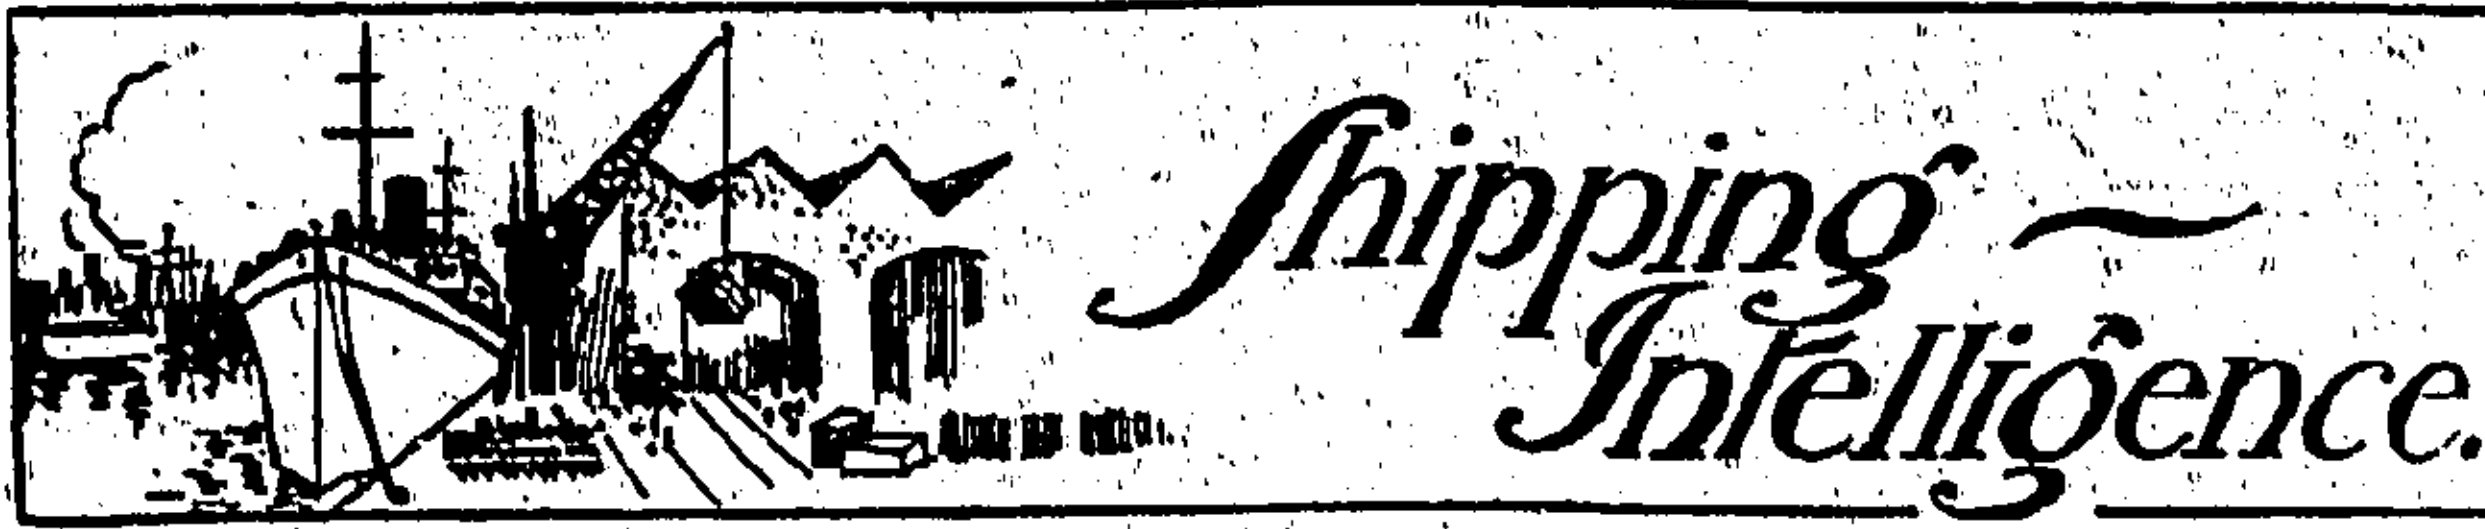

STEAMERS' MOVEMENTS.

The P. & O. s.s. Souda left Shanghai for this port yesterday at 4 p.m., and is due here on August 5 at about 6 a.m.

The R.M.S. Empress of Japan left Vancouver for Hong Kong, via Honolulu, Japan ports and Shanghai, on July 30 (Sat.), and is due at Hong Kong on August 19 (Fri.). She leaves for Manila on August 19 (Fri.).

CONSIGNEES' NOTICES.

Consignees of cargo ex s.s. Conte Rosso are reminded to take delivery of their goods which will be subject to rent after August 8. Consignees of cargo ex m.v. Java are reminded to take delivery of their goods which will be subject to rent after August 8.

CONSIGNEES.

LLOYD TRIESTINO NAV. CO.

NOTICE TO CONSIGNEES.

Steamer "CONTE ROSSO" FROM TRIESTE, VENICE, BRINDISI, PORT SAID, BOMBAY, COLOMBO AND SINGAPORE.

CONSIGNEES of Cargo are hereby informed that all Goods are being landed at their risk into the Godowns of the Hongkong and Kowloon Wharf and Godown Company, Ltd., at Kowloon, whence and/or from the wharves delivery may be obtained.

Optional Cargo will not be landed here unless notice has been given 48 hours prior to vessel's arrival, but carried on from port to port to the final port of call to which the option extends.

No claims will be admitted after the Goods have left the Godowns, and all Goods remaining undelivered after the 3rd August will be subject to rent.

All claims against the vessel must be presented to the Underwriter on or before the 12th August, or they will not be recognised.

All broken, chafed, and damaged Goods are to be left in the Godowns, where they will be examined on the 3rd August at 10 a.m. by our surveyors, Messrs. Godard & Douglas.

In the case of dutiable cargo, Consignees are requested to inform the Imports & Exports Office that they have such goods for examination.

No Fire Insurance has been effected. Bill of Lading will be countersigned by

DODWELL & CO., LTD.
Agents.
Hong Kong, 29th July, 1932.

CONSIGNEES.

THE EAST ASIATIC CO., LTD.
COPENHAGEN.

The Motor Vessel, "JAVA" having arrived, Consignees of cargo are hereby informed that all goods are being landed and placed at their risk into the Godowns of the Hongkong & Kowloon Wharf & Godown Co., Ltd., where delivery can be obtained as soon as the goods are landed.

No claims will be admitted after the goods have left the Godowns, and all goods remaining undelivered after the 8th August, 1932, at 4 p.m. will be subject to rent.

All broken, chafed and damaged goods are to be left in the Godowns, where they will be examined by Messrs. Anderson & Ashie on the 8th August, 1932, at 10 a.m. All claims against the vessel must be presented to the Underwriter before the 11th August, 1932, or they will not be recognised.

No Fire Insurance will be effected. Bills of Lading will be countersigned by

JOHN MANNERS & CO., LTD.
Agents.
Hong Kong, 1st August, 1932.

DOLLAR STEAMSHIP LINE.

NOTICE TO CONSIGNEES.

The s.s. "SCOTSCRAIG."

having arrived, Consignees of Cargo are hereby notified that their Goods are being landed and placed at their risk in the Hong Kong & Kowloon Wharf & Godown Company's godowns at Kowloon, where delivery can be obtained as the Goods are landed.

Optional Cargo will be landed, unless Notice has been given prior to Steamer's arrival.

No claims will be admitted after the goods have left the godowns and all goods remaining in godowns undelivered after 4.00 p.m. on Friday—August 5, 1932—will be subject to rent.

All broken, chafed and damaged goods are to be left in the godowns where they will be examined on Thursday—August 4, 1932—by our Surveyors—Messrs. Anderson & Ashie.

All claims must be presented in writing on or before August 28, 1932, otherwise they will not be recognised.

No Insurance whatever will be effected on cargo landed in the godowns. Bills of Lading will be countersigned by

THE DOLLAR STEAMSHIP LINE.
Hong Kong, July 29, 1932.

NOTICE TO CONSIGNEES AND UNDERWRITERS.

NIPPON YUSEN KAISHA.

General Average

S.S. "KAMO MARU"

It is hereby notified that s.s. Kamo Maru, with cargo on board from Yokohama, Nagoya and Kobe, touched the breakwater at Milke on 17th July, 1932, and had to deviate to Nagasaki for repairs there, and in consequence thereof, General Average has been declared. The Kamo Maru is expected to arrive here on or about 31st instant.

Consignees of cargo from the aforesaid ports are requested to sign G.A. Bond at our Office and to pay a deposit of Three (3) per cent. of the valuation of their consignments before Bills of Lading will be countersigned for delivery.

COAL-GAS INSTEAD OF PETROL.

New Fuels For Cars
and Vessels.

WILL HELP INDUSTRY.

Following on the new coal-oil
fuel experiments carried out by the
Cunard Line in conjunction with
the Wallend Shipway and En-
gineering Co., Ltd., another im-
portant industrial experiment with
fuel, in which the firm of Vickers,
Armstrong's, Ltd., of Elswick, are
playing a leading part, has been
taken in hand.

Vickers Armstrong's are now
manufacturing at Elswick, New-
castle-on-Tyne, steel gas containers
of a special type for use on lorries
and vehicles, which it is claimed
will run entirely on ordinary coal-
gas, dispensing with the use of
petrol. This, it is said, will effect
an economy on petrol fuel costs of
between 30 and 40 per cent., and
so provide a further stimulus to the
coal trade.

Outlining the project recently,
Commander E. R. Micklen, R.N., of
Vickers Armstrong's, Elswick, ob-
served that for some time the firm
had been manufacturing high ten-
sile alloy steel bottles suitable for
the storage of gas high pressures
—approximately up to 3,000 lbs.
per square inch.

"The compressed coal-gas con-
tainers," he said, "are fixed under
the lorry and connected straight
through to the engine cylinders.
Recent experiments have proved
that under certain conditions
ordinary coal-gas can be used for
running heavy motor vehicles with
a definite advantage, as compared
with petrol."

It was stated at the recent an-
nual meeting of the National Coun-
cil of American Shipbuilders that
Mr. H. G. Smith, the president, that
at the beginning of this year United
States shipyards were working
at about 45 per cent. of their total
capacity.

HONG KONG TIDES.

POST OFFICE NOTICE.

SAIGON-MARSEILLES AIR MAIL SERVICES.

Letters will be accepted for transmission by the above-men-
tioned Air Mail Service to the destinations specified. Registered letters
may be sent by the service but not insured letters.
The rates charged will be the regular postage rate plus the
special air mail premium as indicated in the following table:—

Destination	Charge Rate per 1/2 ounce
Saigon/Marseilles Air Mail Service	
Siam (Bangkok)	\$0.15
Burma (Rangoon)	0.25
Persia (Djask)	0.75
Iraq (Bagdad)	0.95
Palestine (Beyrouth)	1.05
Greece (Athens)	1.20
Italy (Naples)	1.35
France (Marseilles)	1.35
Great Britain and Irish Free State (London)	1.35
Europe, other countries (Marseilles for onward transmission by rail)	1.35

The air mail for each country will be landed at the place nam-
ed in brackets.

Letters will be despatched fortnightly by the French Mail
steamers scheduled to connect at Saigon with the Air Mail. As the
Air Mail Service is weekly other vessels if available will be used in
intervening weeks.

Letters for this route should be marked "Saigon-Marseilles Air
Service" and handed in at the G.P.O. or Kowloon Post Office.

Mails can now be forwarded to Europe via Siberia.

Letters and postcards for Europe and South America are forward-
ed "via Siberia" if so superscribed.

SUGGESTED HEALTH REFORMS CRITICISED

(Continued from Page 7.)

associate myself with Mr. Champkin in stressing the importance of taking into consideration the taxpayer's point of view.

Hence I would urge that an unofficial majority be maintained and that such unofficial majority be representatives of all sections of the community.

Monetary Consideration.

One must also remember that however much one might wish to spend money on improvement, the capacity of one's pocket has to be considered. Also annoying restrictions, which may mean the highest pitch of efficiency where sanitation is concerned, may undermine the prosperity of the Colony, upon which our very existence depends.

Prosperity without health, is, I admit, undesirable; but who could be content to have health without a certain amount of wealth, or what would it avail the healthy man if his prospect was starvation?

This is the question, the Hon. D.M.S.S. has had to face, and it is the answer to his criticism that the Chinese Community desire a Cadet, that is well-versed in administration to act as a buffer between the scientific man and the Public.

Dr. Li Shu-fan said:—

As a member of this Board representing the public including the Medical profession, I feel that it is fitting that I should make a few remarks upon the recommendations so ably worked out and submitted by the Director of Medical and Sanitary Services.

I heartily welcome the scheme of reform advocated—a reform which I think is long overdue. I believe that when the scheme is appropriately carried out it will do much in obviating the duplication of personnel, machinery and equipment, with consequent all round improvement in service and curtailment of expenditure.

I think my colleagues agree with me that the part of the recommendations dealing with the re-adjustment of the various ordinances are essentially sound. It should merit the support of the Board and the adoption by Government.

Excessive Mortality.

As regards the recommendations under sub-heading "The Medical or Curative Branch" it appears to me that there is a rather complete provision of officers both in number and in qualification. But in view of the continual prevalence and the excessive mortality of tuberculosis in this Colony I think it is imperative that one or more tuberculosis officers be provided.

Owing to the necessity for economy co-operation and complete understanding in a scheme of this magnitude I deem it advisable to take into consideration the services of the Hong Kong University Clinical professors, viz., the professors of Medicine, surgery, and obstetrics. I believe the inclusion of these professors would entirely obviate the appointment of a separate set of specialists such as "a senior physician, a senior surgeon, a senior obstetrician" advocated in the recommendations.

I need hardly emphasise that the professors mentioned are highly qualified specialists and that they have been for some time rendering valued and highly appreciated public services.

Hospital Work.

I understand that at present more than half of the work in the Government Civil Hospital is being conducted by the Clinical professors and their staff at a tremendous saving of expenditure to the Government. I have reasons to believe that their work was conscientious and above reproach. Furthermore, I understand there is an agreement between the Government and the Rockefeller Foundation whereby the Clinical professors are compelled to remain at the Government Civil Hospital. As a matter of fact the annual donation from the Foundation was a source of substantial and continual help both to the University and the Government. Besides, apart from the G.C.H. there is no other Clinical teaching centre for the medical students. Hence I mention that if it is for no other reason, than that of upholding the privilege and duty of Hong Kong, as being the beacon-light of education, especially in medicine, in this part of the world, we are honour-bound to give serious consideration to the University and its students.

Local Specialists.

Under the same sub-heading "The Medical or Curative Branch" I think that sufficient recognition has not been accorded to the fact that there are in the Colony a number of highly qualified specialists who may be willing to co-operate either in an honorary capacity or on part-time engagement.

I should like to point out that the usual practice of hospitals and infirmaries in Great Britain of appointing local specialists to the staffs on "part-time or entirely honorary appointments has been a dependable source of economy and satisfaction.

In regard to the clause "Super-numeraries to the extent of 20 per cent. etc." I believe this estimate was based on a highly salaried European staff of large numbers who must necessarily go on long leave every few years. Here again, may we not wisely economise by utilising local University graduates or local men who hold British University diplomas.

I am entirely in accord with the recommendation that a modern Infectious Disease Hospital and Quarantine Station be built. I earnestly hope that when sanctioned it will be built in a less objectionable quarter than Kennedy Town, unless trade nuisances in the vicinity of the present hospital are permanently abated.

Medical Relief.

With reference to the recommendations on "Medical relief" I am glad to notice that contemplation was made for extending the Kowloon Hospital for another 500 patients and the rebuilding of the G.C.H. with an accommodation for another 500.

But both in the extension and in the rebuilding of the hospitals I take this opportunity to emphasise that due regard should be made for the average taxpayer by providing sufficient general ward accommodations. The practice of providing paying private wards may be quite necessary in by-gone days, but owing to the existence of a number of excellent private and semi-private hospitals at the present time I consider it unnecessary and undesirable for the Government to provide private wards for paying members of the public. I think it is very hard and unfair to turn away needy patients as is being frequently done in Government hospitals for want of general ward accommodation while at the same time these hospitals are occupied with a number of private wards.

Sound Scheme.

I understand at present the G.C.H. does not as a rule admit tuberculosis patients. I earnestly hope that provision will be made for them in the future hospitals unless a sanatorium is provided.

With exception to the points enumerated above I consider the scheme of reform submitted by the D.M.S.S. is one based on sound principles and is worthy of the fullest consideration and support.

Mr. L. C. F. Bellamy said:—
The task of condensing within the compass of 6 paragraphs the unanimous views of the six unofficial members of this Board on a matter of such importance as the recommendations now before us is a very difficult one and I think Mr. Champkin is to be congratulated on his effort to co-ordinate our various views. It would, however, be very strange if the motion did not contain, here and there, features with which one or more members might be slightly out of sympathy.

That is my position regarding that portion of paragraph 2 which deals with the vice-chairmanship of the Public Health Board. I am not convinced that there exists in the Colony a more suitable man for this position than the Hon. the D.M.S.S.

Indispensable Report.

Coming to clause 5 which recommends that memoranda of individual members on the recommendations of the D.M.S.S. should be forwarded to Government, I may say that in my very brief memorandum I laid stress on the need for every member of this Board being supplied with a copy of Dr. Wellington's full and elaborate report of two years ago.

I regret very much that this request has not been complied with as I believe that a study of his full report is indispensable to a thorough appreciation by members of this Board of the justification and adequate grounds for Dr. Wellington's recommendations.

What I like best about this motion is Mr. Champkin's happy reference in clause 6 to the policy of Public Health reform now foreshadowed

for Hong Kong and I hope that no avoidable loss of time will occur to delay the putting of this policy of reform into effect. I support the motion.

Mr. M. K. Lo said:—
My colleagues have already dealt with the various aspects of the D.M.S.S.'s Recommendations so fully that I feel it is unnecessary for me to make any lengthy remarks on the Motion now before the Board. I should, however, like to deal with paragraph 2 of the Motion in so far as it refers to the Vice-Chairmanship of the proposed Public Health Board.

It will be seen that the unanimous view of the unofficial members is that the Constitution of the Sanitary Board be enlarged in order that it may function as a Public Health Board with the personnel suggested by the D.M.S.S. for his Public Health Advisory Board, except that the Vice-Chairman shall be a non-technical man, preferably the Secretary for Chinese Affairs.

Press Comments.

In view of certain newspaper comments on the D.M.S.S.'s recommendations, I should like to state publicly my own reasons for concurring in the terms of clause 2 of the Motion. To begin with, I say at once that my reasons have nothing whatever to do with "the old question of Chinese susceptibility," as one paper has put it. The fact that this Motion represents the unanimous view of all the unofficial members, including three who are not Chinese, is at least suggestive that the raison d'être of clause 2 of the Motion must be something else.

In regard to this matter the D.M.S.S. observes, "In Hong Kong because of the desire of certain Chinese to have a buffer interposed between them and the professional hygienist it is recommended that until public opinion is more educated on matters of Hygiene and Sanitation the post of 'Head of the Sanitary Department' shall be held by a Cadet Officer who is a Chinese scholar." I say frankly that I do not share this desire, and that it has nothing to do with the reasons for my concurring in clause 2 of the Motion.

Expert v. Layman.

I venture to quote the following paragraphs from a memorandum which I submitted to the Head of the Sanitary Department in connection with D.M.S.S.'s Recommendations:—
"10. On the 'Expert versus Layman' issue, the more I ponder over the matter, the greater the difficulty I experience in coming to a decisive conclusion. But my mind is definitely inclined towards the view that, in practice, the question as to whether the H.S.D. should or should not be a public health expert, fades into insignificance when compared with the vital question as to whether the holder of the office of H.S.D. does or does not possess those qualities which are essential to the occupant of that post."

Danger of Knowledge.

11. If the holder of the office possesses the necessary administrative qualifications; if he is endowed with a broad vision and comprehensive outlook; if he is accessible and is willing and ready to give a sympathetic consideration to representations placed before him, then—whether or not he be further "blessed" with, or "afflicted" by, the additional knowledge of an expert—he is, as I submit, the right man in the right place.

12. Obviously the only danger of an expert becoming H.S.D. is that his outlook is unduly coloured by the very speciality of his knowledge; that the very profundity of his specialised learning might render him blind to the reality of everyday problems and practical politics; that, in short, he might be too much of a bigot to be a successful administrator.

13. Knowing the present D.M.S.S. as I am privileged to know him, I have no misgiving whatsoever if he were to become the H.S.D. The advantages of his becoming H.S.D., such as simplicity, unity of control and increase of co-ordination, are suggested in his recommendations.

Non-Technical Chairman.

It must be borne in mind that both the D.M.S.S. and some official representatives of the Sanitary Department will sit as members on the new Public Health Board as envisaged by us. The very reasons

which no doubt prompted the D.M.S.S. to suggest, in his Recommendations, that the Hon. the Colonial Secretary should preside over the meetings of his Advisory Board, suggest to us that, in the absence of the Colonial Secretary, it is equally desirable to have a non-technical man to be Chairman, in order to secure that co-ordination between the Medical and Health Department as represented by an official of that Department, which seems so essential in the interests of the general public.

I hope that I have made myself perfectly plain, and with these few remarks I signify my complete concurrence with the Motion.

Dr. R. A. C. Baston Speech.

Dr. R. A. C. Baston, seconding the motion, said:—Mr. President, On reading over the D.M.S.S.'s recommendations for the Re-organisation of the Medical and Sanitary Services in the copy as submitted to the members of this Board, I cannot but feel that only the framework of a very extensive project is being laid before us for our consideration.

Such being the case, it is very difficult for anyone to express his opinion on a scheme which is not only very extensive and elaborate, but also very far-reaching in its ramifications. I have been given to understand however, that a very full and comprehensive report has been drawn up by the D.M.S.S. on this subject, and I would venture to suggest that the whole of this Report be laid on the table for the information of the members of this Board.

The recommendations advocated by the D.M.S.S. involve radical and significant changes in the Medical and Sanitary Departments, and, if the opinion of this Board is to be sought on such an important matter it is necessary that it should be furnished with more detailed particulars than that already submitted. With regard to the Public Health Advisory Board suggested in the recommendations it is not quite clearly stated whether this Board is to replace the present Sanitary Board or whether the two are to co-exist.

Name Suggestion.

I would suggest the name Public Health Board instead of 'Public Health Advisory Board, and I think that the interests of the Colony would be served best by having two distinct Heads for the Medical and Sanitary Departments. The co-ordination between these two departments as well as with other departments would then be brought about by the centralisation of all the corresponding 'Heads' under one administering officer who will be the president of the new Board.

As the work of the President under the new scheme would be mainly administrative and co-ordinative it would be preferred that he should be a non-technical official who will at the same time have the advantage of serving as a necessary counterpoise for the uniform working of the Public Health Machinery. In the new Public Health Board the respective representatives of the Medical and Sanitary Departments will have seats, and the Head of the Sanitary Department may be the Medical Officer of Health. If it is thought that he should be an expert in Public Health work.

With regard to the unofficial members, I am of opinion that they should all be elected by public suffrage, and not partly elected and partly nominated by the Government, as it is the custom at present. If it is feared that the requisite number of elected members will not be available, the Government may then fill the vacancies by nominating its own unofficial members.

The Medical Department.

There is indeed much need that this Department should be enlarged and rendered more efficient, and to my mind there is only one way by which this could be done satisfactorily and economically, i.e. by enlisting the services and co-operation of the Medical Faculty of the Hong Kong University. It is common knowledge that in general, institutions connected with a university, whether directly or indirectly, always produce a much higher standard of work than those not so connected. Seeing that our local University is more or less fostered by the Government, it seems certainly anomalous that there should be a certain amount of duplication in the personnel and in the departments working within one and the same entity.

It will not, I think, be a difficult matter for the Government and University authorities to come to an arrangement for the fusion of the various medical and scientific departments. The contribution of the University towards this amalgamation would be mainly in the form of personnel and that of the Government, mainly in material.

The Investigation and Research Branch.
The present Bacteriological Institute appears to be incongruous with the size and importance of a Colony such as ours, and the recommendation for an increase in the staff in the person of an Assistant Bacteriologist who will also act as Pathologist, is worthy of consideration. If the fusion above suggested could be brought about, then the Chief Government Bacteriologist and the Professor of Bacteriology could be represented in the one man, and the posts of Government Pathologist and lecturer in Pathology could be held by the same individual.

The Medical or Curative Branch.
The pre-eminent work of the Curative Branch of the Medical Department would appear to me to be:—
(a) The care of the health of lesser paid government employees.
(b) The care and treatment of the poor and destitute of the Colony.

If the Government Civil Hospital is to be rebuilt as recommended, it should I think be passed over to the University for the purpose of Clinical Instruction. It should be an essay matter for the University to staff such a hospital economically as there are as a rule a number of new graduates who are willing to work for a nominal salary and even for nothing, in order to acquire experience. The same applies to the nursing staff.

The Chinese government employees may be treated at the G.C.H. (or University Hospital) and the Europeans at the Victoria, which would then be reserved for the Government servants and their families only.

It is not declared whether the G.C.H. is to be rebuilt on the same or on a different site, but the present locality has much to commend for as it is situated in a very densely populated district, and if the whole of the present site together with the surrounding grounds etc. be made available, then there ought to be enough room for a model and up-to-date hospital. The idea of accommodating the investigative staff at one headquarters is sound, but I would suggest Pokfulam as a better site as affording ground for the stabling of the cattle used in the preparation of sera.

Many Doctors Required.
The number of medical officers required under the new scheme is certainly large but if the greater part of this personnel be recruited locally and if the unification project could be made to materialise, then the scheme would not appear to be so ambitious or so difficult as it would seem at first sight. I note however that no mention has been made on the problem of the treatment and segregation of the leprosy and tuberculous and considering the magnitude of the scheme, this omission is somewhat incomprehensible.

It seems that I have dwelt somewhat lengthily on this subject of the re-organisation of the Medical and Sanitary Services, but I feel it incumbent upon me as an elected member of this Board, and a medical man at that, that I should avail myself of this opportunity in presenting to you, for the consideration of the Government, certain suggestions which the D.M.S.S. may find useful to incorporate in his plans, when the time arrives for their materialisation.

In conclusion I wish to say that the policy of re-organising the Medical and Sanitary Services, generally speaking, sound and deserves the serious consideration of the Government.

IGNORANCE CAUSE OF SUFFERING.

Professor Gerrard Is Speaker.

A most interesting and educative address on "Quackery" as it affected the medical profession, was given by Professor W. I. Gerrard, M.D., M.R.C.P., D.P.H., of the Hong Kong University, to members of the Rotary Club at the weekly dinner held yesterday at Lane, Crawford's Restaurant.

The physician of to-day, the speaker declared, differed materially from his predecessor of a century ago. The "bedside manner," and all that went with it to cover up ignorance, had given place to sound scientific knowledge in the person of the fully qualified medical practitioner.

"It is man's ignorance of how to live which brings him to suffering and the untimely grave," he said. "Only scientific medicine can guide away from the dangers which threaten him amid the morasses of civilization. Here the qualified medical man reigns supreme, and here his prerogative can never be assumed by the man who having no sound knowledge of the make-up and functioning of the body, yet professes to remedy its ills."

BRITISH FILMS BENEFIT.

Big Contract For Gaumont Output.

London, Yesterday.

A larger proportion of British films will be exhibited in the Far East, as a result of a five year contract to take the whole of the British film output of the Gaumont British Corporation, signed by Mr. Osborn, Managing Director of the Associated British Pictures Corporation, which controls 175 Far Eastern cinemas.

It is understood that instead of nearly 100 per cent. American films being shown, 80 per cent. will be British.

The Associated Corporation is also purchasing 25 British talking machines, replacing existing equipment in two studios in Hong Kong and Shanghai for making Chinese and Japanese Talkies.—Reuter.

CAPTAIN THOMAS LEAVES.

Many Friends Bid Farewell.

In St. Andrew's Vicarage, on Monday evening, members of the St. Andrew's Church Council gathered to bid farewell to Captain R. D. Thomas, J.P., who departed from the Colony yesterday, to make his home in Canada. He was presented with a silver tea kettle.

The Vicar (Rev. W. Walton Rogers), Chairman of the Council, paid a sterling tribute to the energy and work put in by Captain Thomas during his eight years' connection with the Church.

He had been Chairman of the Finance Committee, representative on the Board of Trustees, elected member of the Diocesan Conference and Vice-President of St. Andrew's Club. Prior to his coming to St. Andrew's, he was a chorister at Christ Church, Sharnbrook, and a prominent member of St. Peter's Church, London.

Mr. J. W. Baldwin, Vicar's Warden, endorsed the sentiments of the Chairman.

Capt. Thomas, in accepting the gift, thanked the Church Council for their kind wishes.

FIRST AIR MAIL TO EUROPE.

Routed Via Saigon From Colony.

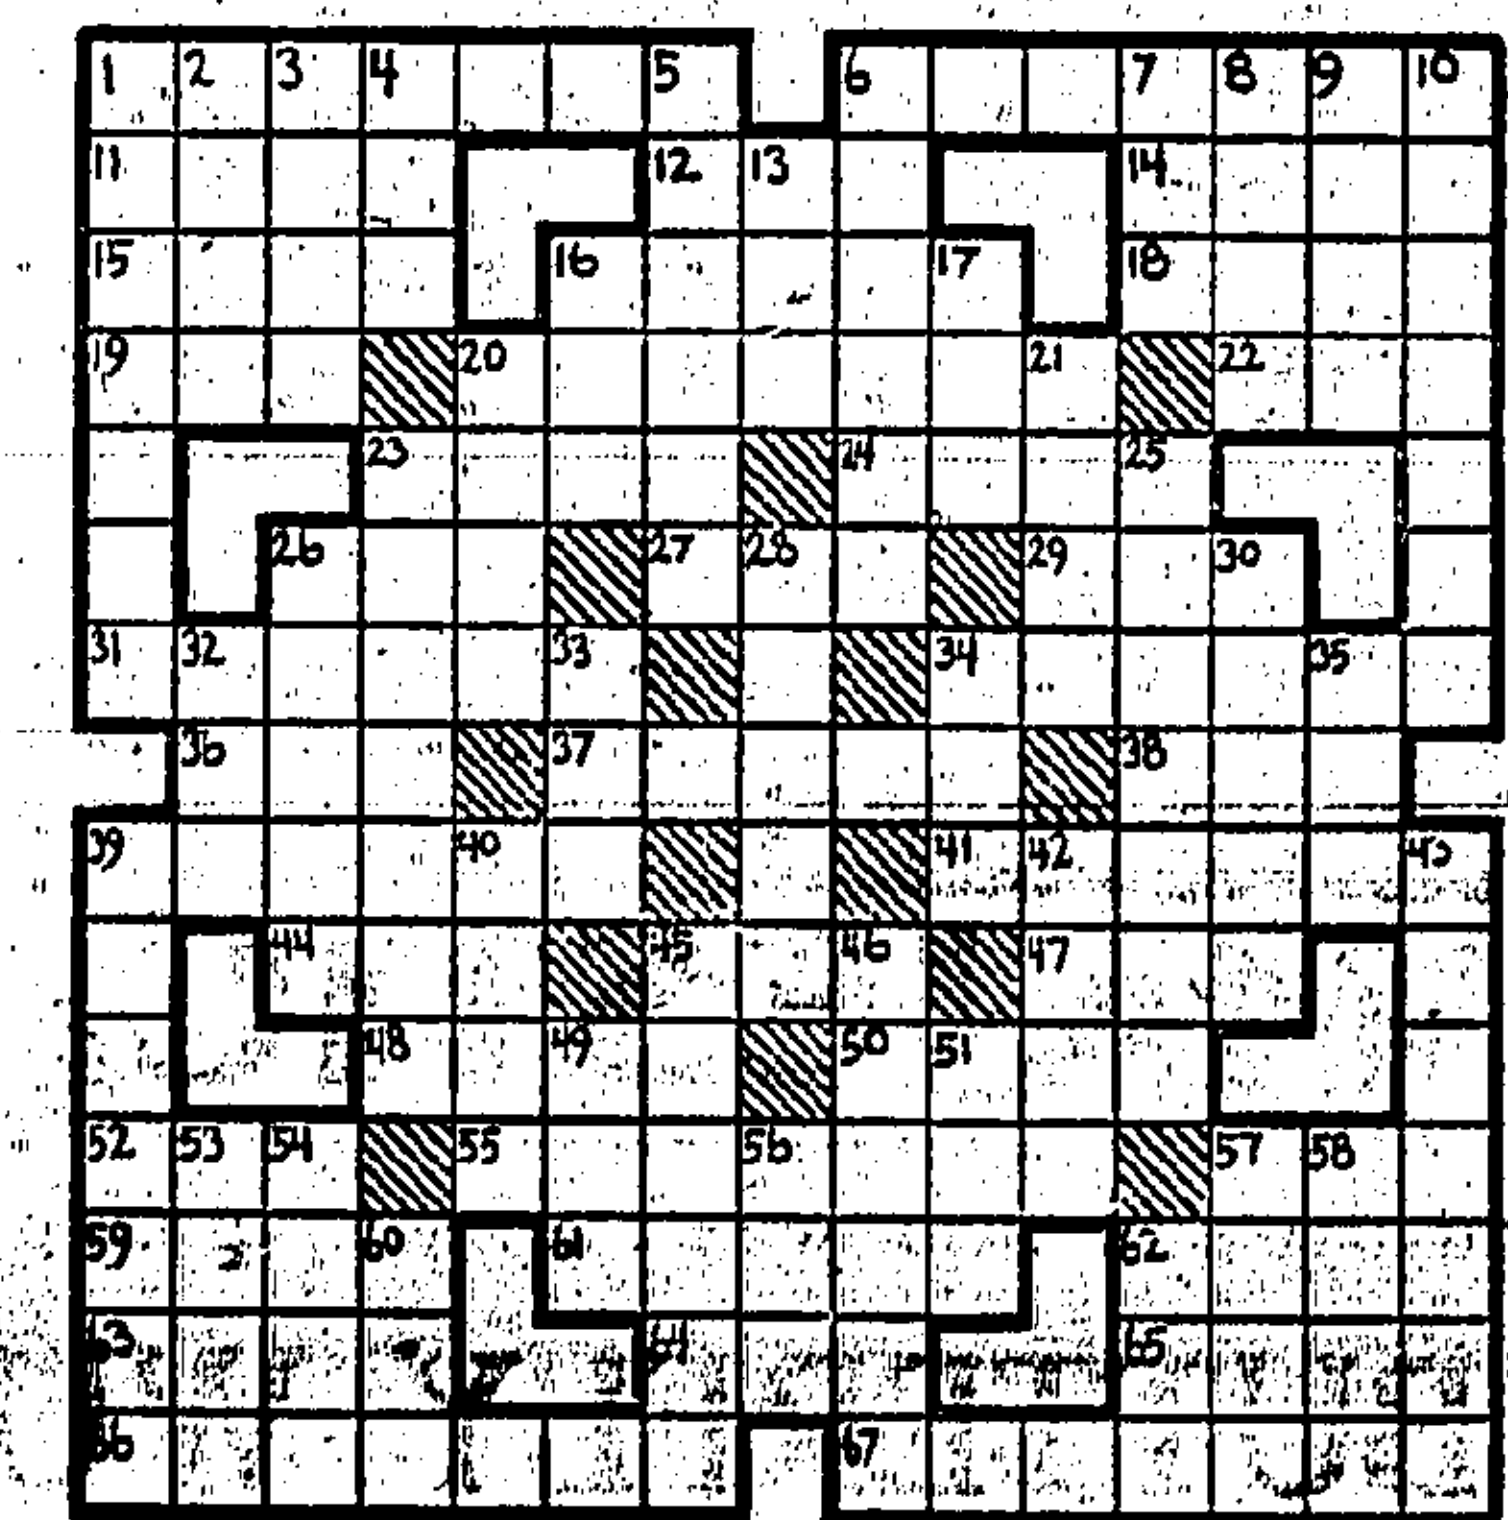

The first public air mail to leave Hong Kong for Europe via Saigon, closed at 2.30 p.m. yesterday. A total of 450 letters were received for transmission, 387 of which were ordinary letters and 63 registered.

The mail was made up as follows:—

Great Britain ordinary 287, registered 30; Marseilles 64 ordinary, 27 registered; Greece 10 ordinary; Palestine one ordinary; Burma and India 14 ordinary, two registered; Italy one ordinary, four registered; and Siam 10 ordinary. The mail for Marseilles included letters for Germany, Holland, Gibraltar, Malta, Belgium, Portugal, and France.

"THE COMMON LAW"

DETECTIVE'S ASSAULT RECALLED.

Wounded Coolie Gets Light Sentence.

When a fight between five Chinese men, armed with bamboo poles, was in progress in Tai Yuen Street, Wanchai district, on the evening of July 19, Detective Yuen Hung, attached to Wanchai Police Station, intervened and in self-defence, shot a coolie in the leg.

Four of the combatants ran away but the fifth, who was of strong physique, remained behind. A struggle ensued, during which the man struck the detective's aid helmet with a pole. The detective, fearing that he might be overpowered, drew his revolver and fired at the ground. The shot entered the man's leg. He was taken to the Government Civil Hospital, from where he was discharged yesterday.

The man, appeared before Mr. Schofield in the Central Police Court this morning and pleaded guilty to charges of fighting and assault.

In his statement, when charged, the defendant said that at the time when he attacked the detective, he was unaware that he was a Police officer. Accepting the statement as being possibly true, His Worship bound the defendant over, on the first count, and imposed a light fine of \$5 or seven days' gaol for the assault.

MENTAL PATIENT RECAPTURED.

Soldier Wandered For Two Hours.

Private J. Hamilton, of the Argyll and Sutherland Highlanders, an inmate in the Bowen Road Military Mental Hospital, escaped at 11.30 last night. He roamed about the city for fully two hours before he was apprehended.

When news of the escape became known, British soldiers, some carrying hurricane lamps, scoured the hill-side, in the vicinity of Bowen Road.

Hamilton apparently made his way direct to town, for he was recaptured walking in Des Voeux Road Central. He is not dangerous.

HITLER DEMANDING POSTS FOR NAZIS.

(Continued from Page 1.)

Public interest in politics has largely subsided since the election, and the nation is comparatively calm, after the hectic excitement of the last few weeks.

The Von Papen Government is contemplating the future with composure, believing the Centre Party, which holds the balance of power, will refuse to help the Nazis, and so dismiss them by a non-confidence vote when the Reichstag meets at the end of the month.—Reuter.

NOULEN'S TRIAL POSTPONED.

Nanking, Yesterday. The resumption of the Noulens trial, originally fixed for Thursday, has been postponed to August 10.—Reuter.

NINETEEN NATIONS DEMAND PEACE.

Seek To End Chaco Fighting.

WASHINGTON ALARMED.

Bolivia and Paraguay Recalcitrant.

Washington, To-day.

Alarmed by the continued and more serious fighting in the Chaco region, on the Paraguay-Bolivian frontier, the United States has joined Mexico, Cuba, Columbia and Uruguay in a signed appeal that the two nations should cease their warring.

Fourteen other Governments have joined in an appeal that peace should be enforced in Bolivia and Paraguay.

The two South American nations concerned have paid no heed whatever to the demands of neighbour states and are concentrating their entire military strength in preparation for a final test of arms. Already there have been several minor clashes and casualties are mounting.

Seventeen Killed.

La Paz, Bolivia, Yesterday.

Eight Bolivians and nine Paraguayans have been killed in an engagement at Toledo.—Reuter.

NO CHARGE AGAINST MRS. BARNEY.

Hungarian Countess Out Of Danger.

SCANDAL AND CRASH.

Nice, To-day.

Countess Caroline Karolyi, wife of a former president of Hungary and a prominent lady journalist, who was painfully injured in a collision in which the motor of Mrs. Evira Barney was involved, is pronounced "out of danger" and will be released from hospital shortly. Since police believe that Mrs. Barney is blameless for the mishap, she will probably be released.

Mrs. Barney, with a gentleman companion, was driving towards Nice when the collision occurred. The Countess was seriously hurt and the man in Mrs. Barney's car was cut and bruised after the machine had struck a telephone pole. Mrs. Barney was uninjured. She was asked to go to the police station and it was understood that charges of furious driving might be brought against her.

Mrs. Barney was only recently acquitted in London on a charge of murdering Mr. Michael Scott Steven, son of a Kent Magistrate. It was charged that she shot the man after a cocktail party, but she was released on the plea of her counsel that the affair was an accident.—Reuter.

TIBETAN FORCES REPULSED.

Nanking, Yesterday. The Chinese commander, Liu Wen-hui reports that his forces have completely driven out the invading Tibetans from Chinese territory and are ready to advance into Tibet.—Reuter.

KOWLOON LADY IN MOTOR MISHAP.

Knocks Down Chinese In Kowloon.

Mrs. L. W. Tipple, of No. 1 Unit Terrace, Ho Mun Tin, was involved in a motor accident in Kowloon City yesterday.

According to a Police report, Mrs. Tipple was driving her car in Sai Kung Road, towards Ngau Shi Wan. As she passed the "Field Cottage" house, a Chinese man dodged in front of the car and was knocked down. He sustained slight head injuries which were dressed at the Kowloon City Police Station. He refused to go to the hospital.

Lorry and Bicycle Collide.

Lui Kam of 837, Canton Road, reported to the Police that as he was driving a motor lorry along Prince Edward Road approaching the intersection with Waterloo Road, a bicycle, ridden by Cho Sam (32), a mason, shot out from a path on the left side of the road and collided with the lorry. The driver swerved just before the impact, and, in doing so, struck a pedestrian, Mo Sap-ye (28).

The cyclist sustained slight injuries to his legs and face. The pedestrian is suspected to have sustained a fractured spine.

COLLISION JUDGMENT RESERVED.

Disagreement Among Assessors.

Because the naval assessors of the Court of Appeal, disagreed with certain of the findings of Commander G. F. Hole, R.N. (retired), assessor in the lower court, the hearing of the case of the Nippon Yusen Kaisha against a judgment for \$40,000 in favour of the China Navigation Company, was continued to-day. When Commander E. P. Brooke, R.N. and Lieut.-Commander Ruder-Halpmann, R.N., had satisfied themselves on various technical points, the court reserved judgment.

The case arises out of a collision between s.s. Toyooka Maru and s.s. Kiangsu in the Hong Kong Harbour last year and during a dense fog.

SCIENTIFIC RESEARCH IN ARABIAN SEA.

(Continued from Page 1.)

tor of the Indian Museum, Calcutta.

Parts of the Arabian Sea are of immense depth, though few soundings have been taken away from the regular steamship routes. The main objects will be to study the topography of the ocean bottom by echo soundings and to search for traces of the hypothetical continent of Lemuria, which is supposed to have stretched from India towards the west. Oceanic fauna and currents will also be studied.

The Committee arranging this expedition includes Admiral Douglas, Hydrographer of the Royal Navy, and representatives of the Royal Geographical and Natural History Societies under the Chairmanship of J. C. Murray, British Wireless Service.

KING OF THE WILD

Part II

Always have GARDAN in the house!

In the tropics pain and illness are particularly liable to appear suddenly. In headache, toothache, neuralgia, rheumatism, sciatica, lumbago, muscular pains, and above all in fever and its accompanying symptoms, GARDAN is of definite value.

When you are out of sorts remember:

GARDAN

prevents and stops pain
